"I-X-L" Tulip Collection for 50 Cents

Here we have a fine collection of the best of our Tulips, and offer them as a collection for 50 cents, postpaid. Nothing is surer to bloom or make a more pleasing sight than a bed of Tulips, and in making up this collection we use our best named varieties, and the unnamed kinds are superfine, blooming evenly and perfectly. Following is the list:

- | | |
|--|--|
| 1 Double Tulip, "Rex Ruborum"—A brilliant scarlet; a splendid variety. | 1 Special "Golden Crown" Tulip—A splendid variety of a deep golden-yellow, red border; one of the finest of fancy kinds; late bloomer. |
| 1 Double Yellow Tulip, "Count of Leicester"—Orange and yellow feather. | 1 Single Yellow Tulip, "Chrysolora"—A fine yellow and a good bloomer. |
| 1 Double Red Tulip, "Duke of York"—A charming shade of red, rich and a full flower; edged white. | 1 Gorgeous Flowered Tulip, "Peacock"—Combining different colors that produce a dazzling effect. |
| 1 Single White Tulip, "La Reine"—A fine showy white flower, rosy-shaded; a fine bloomer. | 1 "Parrot" Tulip—The best of fancy Tulips; a grand bloom. Our bulbs are sure to bloom. |
| 1 Single Pink Tulip, "Cottage Maid"—A beautiful shade of pink; a fine bloomer. | 1 "Gesneriana" or Giant Tulip—Flowering freely and on long shoots; glossy coral-red flowers, larger than tea-cups. |
| 1 Single Scarlet Tulip, "Artus"—A rich, dazzling color; a good flower. | 8 Superfine Single and Double Tulips. Unnamed, but splendid colors and kinds, and will make a fine show. |
| 1 Double White Tulip, "La Candeur"—A beautiful variety of snowy whiteness. | |

"Royal" Narcissus Collection for 50 Cents

There is no class of bulbs which is really more beautiful than the Narcissus, with its masses of white, orange and gold. The varieties we here offer are of the best, and the bulbs are large and fine. They are sure to flower, and many of them continue to do so year after year. This is a collection of great value for little money.

- | | |
|--|---|
| 1 "Paper White" Narcissus—The most beautiful of all pure white sorts, early and easy to bloom; fine for Christmas flowering. | 2 "Trumpet Major" Narcissus—The deep golden single variety, much prized as an early forcing. |
| 2 "Incomparable Alba Stella" Narcissus—A most striking variety, with an orange cup; a beautiful sort. | 2 "Incomparable" or "Butter and Eggs" Narcissus—A golden double flower, much desired as a fine forcing kind. |
| 2 Narcissus "Poeticus"—The true pure white and orange-cupped Poet's Narcissus; a splendid variety. | 1 Double "Von Sion" Narcissus—One of the finest of the Narcissi, producing gorgeous flowers with deep yellow trumpet. |
| 2 Double "Alba Plena Odorata" Narcissus—The Jasmine-shaped, snow-white flowers of this sort are exquisitely scented. | 2 Single Jonquils, fragrant and beautiful. |
| | 1 "Campernelle" Jonquil—Large, six-lobed yellow flowers. |

"Uneeda" Combination Collection for 50 Cents

For those who want some of each of the three collections, "Star," "I-X-L" and "Royal," and who do not want all three, we have arranged this fine collection. This collection contains a fine assortment of Hyacinths, Tulips and Narcissi, and will make a fine show for a very small sum:

- | | |
|--|--|
| 1 Fine Double White Hyacinth. | 1 "Poet's Narcissus"—The pure white variety, with orange cup edged with crimson. |
| 1 Striking Single Red Hyacinth. | 1 Flashing Scarlet Tulip—"Bacchus." |
| 1 Beautiful Double Porcelain-Blue Hyacinth. | 4 Superfine Mixed Tulips, which will make a gorgeous display. |
| 1 Orange-cupped Golden Narcissus—Incomparable—"Ajax Princeps." | 1 "Giant Gesneriana" Tulip, the tallest of Tulips, a striking variety. |
| 1 Snow-white profuse-flowering Narcissus—"Paper White." | 1 "Parrot" Tulip—This variety produces a very pleasing combination of colors. |
| 1 Double Golden "Von Sion" Narcissus; a charming sort. | |
| 1 Orange-striped Double Tulip—"Count of Leicester." | |
| 1 Superb White Tulip—"La Candeur." | |

"Grand" Assorted Collection for 50 Cents

In this collection we furnish for a small sum a very complete lot of bulbs, both large and small, and producing all sorts and colors of flowers. Description may be found for all of them in the catalogue, and the prices when taken as a collection are very low. Abundance of beautiful showy flowers will reward the purchaser. The collection contains the following:

- | | |
|---|--|
| 3 Fine Hyacinths—Pink, white and blue. | 1 Jonquil, single. |
| 5 Superline Tulips, assorted colors, single and double. | 1 Ranunculus. |
| 2 Allium Neapolitanum. | 2 Snowdrops. |
| 1 Anemone. | 1 Narcissus Incomparable, "Ajax Princeps." |

- | | |

| | 2 Scillas. |
| | 5 Crocus. |
| | 3 Oxalis. |
| | 1 Freesia. |

"Magnificent" Border Collection for 50 Cents

This magnificent assortment of low-growing but profuse-flowering bulbs contains more flowers for the amount expended than one could well imagine. Some of the most strikingly beautiful bulbous flowers to be found among Dutch bulbs are contained in this collection. It will make a fine show as a border collection, surrounding other large bulbs, or if planted by themselves produce a fine appearance. The collection contains the following:

- | | |
|-----------------------|------------------------|
| 12 Assorted Crocuses. | 5 Allium Neapolitanum. |
| 12 Snowdrops, single. | 3 Snowdrops Elwesii. |

| 3 White "Hyacinths." | 5 Ixias. |
| | 5 Scillas. |

ALL BULBS ARE WRAPPED AND LABELED

The Best Way to Grow Bulbs Indoors

Plant Hyacinths in sandy soil, or make the soil porous with leaf mold secured from the woods. Plant the bulb bottom down, and push the bulb tight in the soil so that the top of the bulb is even with top of soil. Use old four or five-inch pots—never new pots if you can avoid it. There are shallow, wide pots, made to hold three or more bulbs; they are satisfactory to plant in where only one variety is planted in a pot. Never feed the bulbs with manure—the power to flower is in the bulb. A Hyacinth grown in water alone proves the truth of this. Give a good soaking after planting, and water once or twice a week if necessary during the time the bulb makes roots. Put the pots after planting—which should be done during September or October—in the ground, and cover the pot and all to the depth of three or four inches with soil. This is to prevent the roots from lifting the bulbs out of the pot. Or you can put them in the cellar where it is cool and dark. The idea is to have the bulbs kept cool and dark, so that the roots will start before the tops do. Cover up the ones outside with leaves or sawdust to the depth of six inches, as frost, if it reaches them, almost always results in injury to the flowers. After four weeks or so examine the roots, and see if they are down to the bottom of the pot; then bring the ones you want to flower early into a dark place where the temperature is from fifty to seventy, but keep them dark by covering them up or placing them in a dark cupboard. They can be left outdoors or in the cellar if you do not want them so early, until the sprout is as long as a man's finger. This brings them in later, but is the surest way to get fine flowers, as it is more natural than to force them quickly. When the sprouts have reached the length of a man's finger they may then be exposed to the light. If brought to the light sooner the result will be that the top bells will open first, and then the flower is spoiled, for the top bells will be faded before the lower bells open. The sprouts are yellow by keeping them covered, but that does not matter, as they turn green quickly when brought to the light.

Tulips and Narcissus are treated the same as Hyacinths, except that when brought in from outdoors or the cellar they can be placed in the full light at once. Instead of pots you can use grape baskets.

Gem Collection of Named Double Hyacinths for Bedding or Pot Culture

Price, 10 cents each; the set of twenty for \$1.60. Any Six for 50 cents.

In presenting this beautiful collection of Hyacinths, we do so with the assurance that all who order them will be amply repaid with fine bulbs, and the flowers during the winter months will cheer the home by their presence and perfume. We have spared no pains or expense to procure, in these sets, the very best varieties that are produced in Holland. Try a set. None to equal them. In ordering, say "Gem" Collection.

BLOKSBERG—Lovely shade of light blue or porcelain.
BOUQUET ROYAL—One of the finest pinks. Extra large spike.
CHESTNUT BLOOM, "Kastanzeblom"—Extra large truss; color bright rose. A fine variety.
DELICATA—Another variety producing that rare delicate porcelain-blue color.
FLEVO—A beautiful snow-white variety.
GENERAL ANTINCK—Clear, deep blue; extra fine.
GRAND MONARQUE DE FRANCE, "White Bouquet Royal"—Beautiful cream-white, a new shade in Hyacinths.
GOETHE—Pure yellow; excellent.
GARRICK—The finest of all double light blue Hyacinths.
GROOTVORSTIN—Blush-pink, large spike.

REMEMBER—The above collection of "GEM" Hyacinths embraces the very best varieties that money will buy of Double Hyacinths. There are none better.

ISABELLA—Extra-large truss of delicate blush-white.
LA VIRGINITE—Large spike of purest white.
NOBLE PAR MERITE—A glorious red; extra early.
PRINCE OF ORANGE—A beautiful bright red color; extra.
PRINCE OF SAXONY—Dark blue, long large spike; extra.
PRINCE OF WATERLOO—A beautiful paper-white Hyacinth.
PRESIDENT ROOSEVELT—A new variety having gorgeous flowers of a bright rose color.
SNOWBALL, "Double La Grandesse"—As pure white as the driven snow; extra.
SOUVERAIGN—A bright clear yellow.
SUNFLOWER—Pure yellow, shade of sunflower.

General Collection of Hyacinths

Price, 10 cents each; any six for 50 cents; any thirteen for \$1.00. The entire set of thirty for \$2.25.

Our patrons can rely on the Hyacinths in this list as being the very best of their colors. We have tested varieties from year to year and can guarantee satisfaction in any of the following kinds. You cannot possibly go amiss in your selection of any of them. These varieties are equally good for planting outdoors or for forcing in the house in winter.

AVALANCHE, "White Baron Von Thuyt"—Pure white.
ANGENIS CHRISTINA—Immaculate white; extra fine.
BLANCHARD—Lovely pure white; forces very easily.
BLANCHEUR A MERVEILLE—Another grand white variety; pure.
BARON VON THUYL—A grand shade of deep blue.
ETNA—Brilliant pink; superb.
GENERAL VETTER—Blush-white, pyramidal shape.
GRAND BLANCHE—A beautiful delicate blush.
GRAND VAINQUEUR—Very bright, rich, ruby-red.
HERMAN—Orange-yellow color, tinted with crimson.
HEROINE—Pure golden-yellow; large truss.
JACQUES—New, beautiful silvery-rose with satin sheen.
LE FRANCHISE—A blush-white flower of the largest size.
LE PEYROUSE—Light blue; fine for beds and forcing; a very large compact spike of large bells; a grand variety.
L'INTERESSANTE—Deep yellow; one of the best yellows.
MACMAHON—Pure yellow. Large broad spike.
MENELIK—Dark blue, almost black.
ORNAMENT—You will buy this again after once seeing it; silvery-rose.

PAIX DE LA EUROPE, "Peace of Europe"—Very fine snowy-white; large spikes and large bells. A grand variety for pots and glasses.
PERLE BRILLANT—Another of those marvelous colors in Hyacinths, in fact the one rare color in all flowers, a light porcelain-blue. Extra fine.
PIENEMAN—A grand light blue or porcelain color; very delicate and beautiful.
POTGIETER—Azure-blue; an entrancing color.
ROSALIE, "Rose Baron Von Thuyt"—A standard variety, bearing large trusses of deep rose-colored flowers.
ROSE AMARANTH—Can't be beaten for a bright rose Hyacinth.
ROSEA MAXIMA—A grand large truss of deep rose; some would call it a red.
ROBERT STEIGER, "Marie Catherine"—Extra light red; fine large spike and bells.
REGULUS—Light blue, with deep dark blue stripes. Very large trusses.
SCHOTEL—A very popular Hyacinth. Everybody wants it. Light blue; immense.
WILLIAM I—A beautiful dark blue; a grand variety.
WILLIAM III—Orange-yellow, pink center.

Choice Collection of "Fancy" Hyacinths

A Bed of Fancy Hyacinths.

QUEEN OF THE BLUES—In Holland the delicate blue Hyacinths take precedence over all other colors, and the blue varieties in this collection cost much more than any other color. With Czar Peter this variety is a sure enough rival. It does not conflict with any of the other blues in this collection, being entirely distinct, a delicate porcelain-blue, a color that is extremely rare in flowers of any kind. Extra fine.

SIR WILLIAM MANSFIELD—This is the rare color in Hyacinths, being a most beautiful shade of lilac or violet. When you see this in flower you will always remember it.

REMEMBER that the foregoing Twelve Hyacinths are the very best in cultivation. Get them, and you have the best.

Five Beautiful Roman Hyacinths

We wish to call special attention to these beautiful Roman Hyacinths, which are so valuable for early winter blooming. They are among the few flowers which can be had as early as Christmas and New Years. Each bulb throws up several spikes of flowers, which are very beautiful and fragrant, and when kept in a cool room will keep perfectly for weeks. Three can be planted in a four or five-inch pot, and will soon be in flower. In the garden they are the first of all Hyacinths to bloom. We offer extra large bulbs. The new double ones are exceedingly fine. Do not fail to plant a good lot of them for winter.

CANARY YELLOW—Few Novelties have come out recently which will in importance surpass this new yellow Roman Hyacinth. There is nothing to be said of it except it is like the common Roman white, except in color, which is a lovely shade of light yellow. 5 cents each; six for 25 cents; thirteen for 50 cents.

PINK—A grand new sort with enormous bright deep bells in large spikes. 5 cts. each; six for 25 cts.; thirteen for 50 cts.

RED—A beautiful shade of deep red, very bright and penetrating. 5 cents each; six for 25 cents; thirteen for 50 cents.

BLUE—Lovely light blue, a fine contrast to the white variety. 5 cents each; six for 25 cents; thirteen for 50 cents.

WHITE—Has elegant waxy-white bells of great beauty and fragrance. Large bulbs, 5 cents each; six for 25 cents; thirteen for 50 cents.

Special Offer For only 20 cents we will send one bulb of each of these five Roman Hyacinths; three of each for 50 cents.

In this collection we place all the high-priced varietes. There is such a demand for them in Europe, where they are well acquainted with the good sorts, that the demand exceeds the supply, and they are always scarce and hard to get. When you have the following twelve Hyacinths in your possession, you have the very best that money can buy. They are every one gems of the first water.

PRICE—20 cents each, or the set of twelve for \$1.50. Any six for 85 cents.

In ordering, say "Fancy" Collection of Hyacinths. They are the largest, the most delicately colored and the most fragrant of all Hyacinths.

BIRD OF PARADISE—The spike is the largest of all yellow Hyacinths. The color is a rich deep golden-yellow. Very pure. No other yellow Hyacinth approaches it in either color or size.

CZAR PETER—This is without question the finest of all light blue Hyacinths. The truss is very large and solid. The color is a delicate sky-blue. This Hyacinth is admired more than any other variety of any color in Holland. Simply grand.

ENCHANTESS—Do not forget that the porcelain-blue color in Hyacinths is the most admired and in greatest demand. This is a delicate porcelain-blue color. Extra fine.

GRAND MAITRE, "Grand Master"—Deep porcelain-blue; one of the grandest of all blue Hyacinths. Much prized in Holland.

KING OF THE BLUES—This is the richest and most elegant of the dark blue Hyacinths; it is so dark that the texture of the flower seems covered with a rich sheen of velvet almost black. Exquisite.

LA GRANDESSA—This variety deserves the name of Grandness. Splendid, immense spikes of large pure ivory bells, waxy in appearance, vying with the snow in purity, while its fragrance is delicious, yet penetrating. Simply exquisite. The best of all whites. Extra fine. Immaculate in color.

LA VICTOIRE—This is a bright red Hyacinth of the greatest merit. The color is a rich, even shade of bright red. Superb.

LADY DERBY—This is said by all who have seen it to be the best dark rose-colored Hyacinth yet offered. The florets are extra large. Spike solid and compact and of immense size, and the fragrance is delicious. The color is a rich, deep rose, very bright and distinct. Elegant.

MINNIE, "Mimi"—A lovely shade of blush-white. This is one of the new varieties and takes rank in Holland among the ten best varieties. It sometimes comes with a very delicate tracing of pink that sets off its charms to great advantage. Hard to beat.

KING OF THE BELGIANS, "Roi des Belges"—So many persons complain that they never get a bright red Hyacinth. The color of this grand variety is a rich, glossy ruby-red of the brightest hue. Certainly a gem.

Roman Hyacinths.

"Grand" Collection of Single Hyacinths

We advise all our friends to plant Single Hyacinths, as spikes are very much larger, and the individual florets much larger and more compact, while the fragrance is much sweeter than in double varieties. In a word, they are much showier and grander in every respect. Price, 10 cents each; the set of twelve for \$1.00. Two sets for \$1.75. Any six for 50 cents. A fine collection of Hyacinths at moderate cost. In ordering, say "Grand" Collection of Hyacinths.

CARDINAL WISEMAN—If there is one Hyacinth that will instantly attract attention, it is this one. A beautiful silvery-rose color.

GRAND LILAS—Immense spikes and mammoth florets. Probably the largest of all Hyacinths, and is another of those delicate blues, the color that fairly entrances you. A variety that is deservedly popular everywhere. Superb.

GARIBALDI—So many people are looking for a red Hyacinth. Garibaldi is a rich dark ruby-red. Very showy and attractive.

GENERAL DE WET—This is known in Holland as the "Pink Grand Master." It certainly is a most wondrous beautiful bright shade of silvery-pink.

INNOCENCE—A lovely shade of creamy-white. This is one of the new varieties, and takes rank in Holland among the ten best varieties. It sometimes comes with very delicate tracings of pink that set off its charms to great advantage. Superb.

KOHI-I-NOOR—This charming variety is so brilliant as to be named for the great diamond of that name. A very showy red Hyacinth.

LORD BALFOUR—A grand large spike bearing immense bells of a deep violet color.

MORENO—This is said by all who have seen it to be the very best rich crimson Hyacinth yet offered. The florets are extra large, spikes solid and compact and of immense size, and the fragrance is delicious. The color is a dazzling, sparkling red, very bright and distinct; elegant.

Bed of Single Dutch Hyacinths.

MR. PLIMSOLL—This is a very attractive Hyacinth bearing immense spikes of pure white with a delicate blush. **PINK BEAUTY "Charles Dickens"**—Large, tall spike, very shapely bells of the largest size. This well deserves the name of Pink Beauty, as it is the neatest of all pink Hyacinths. Extra.

QUEEN WILHELMINA—Most vivid rosy pink. Exceedingly big and elegant truss of a peculiar shade of pink. Very early and splendid for cutting. We very strongly recommend planting this.

YELLOW HAMMER—Deep golden-yellow. A very refined and chaste color.

"Popular" Collection of Hyacinths

Price, 10 cents each; the twelve for 90 cents; any six for 50 cents.*

ALBERTINA, "Augusta"—Pure white, extra fine.

CHARLES DICKENS—A grand shade of bright blue.

GIGANTEA—Immense truss of bright rose-colored flowers.

GERTRUDE—This is the freest-flowering of all the Hyacinths; often has two to four spikes of bloom; a lovely deep pink color.

GENERAL PELLISSIER—Deep scarlet, early, good forcer. The richest red of all the Hyacinths.

GENERAL GORDON—A grand deep golden-yellow Hyacinth.

GRANDEUR A MERVEILLE—Has many admirers; of a delicate blush-white. Superb.

JOHAN—Large truss of delicate porcelain-blue.

KING OF THE YELLOWS—A very pure color of bright yellow.

LORD McCUALEY—Very rich red in color, has beautiful large compact spike. A very handsome and showy variety.

MARY—Immense spikes of rich dark blue.

MADAME VAN DER HOOP—Pure white; immaculate in color.

The Grape Hyacinth—Improved

This charming little gem should be found in every garden in abundance. It has been termed the "Blue Lily of the Valley," and when planted in a mass with that sweet flower it does resemble it to some extent, and forms a most fascinating combination. It grows about the same height, and blooms about the same time each spring. It increases rapidly, and when once planted a mass of beautiful blossoms, which will increase each year, is insured for a lifetime. But for winter blooming in pots it is of the greatest value. Plant five or six bulbs in a five-inch pot, and you will have as lovely a pot of bloom as you can imagine. Words fail to do it justice. Flower stems grow a foot in height, bearing a dense spike of sky-blue bells tipped with white, and oh! so lovely. Please remember that ours is an improved strain of Grape Hyacinths, much superior to the old form.

IMPROVED BLUE—Three for 5 cents; twelve for 15 cents.

SNOW WHITE—New and scarce. 2c each; 6 for 10c; 12 for 18c.

The Feathered Hyacinths

A very pretty and curious species of Hyacinths, the flowers of which are a feathered plume, borne on the end of a large spike. It is perfectly hardy, and is particularly adapted for open ground planting and for indoor culture. Price, 3 cents each; ten for 25 cents.

Grape Hyacinths.

Mixed Hyacinths for Bedding Out in the Fall

These mixed Hyacinths are used almost exclusively for bedding out in the fall on account of their cheapness. They are just as good colors and just as fragrant as the named varieties; the difference is in the cost of keeping the named sorts separate, both while planting and after they are dug. The exact shades cannot be given, but the general outline of colors are kept separate, so that in ordering you know what color you are buying.

7 cents each, or the entire fifteen choice varieties for \$1.00.

Double Red	Double Blush	Single Red	Single Pink
Double Rose	Double Blue	Single Rose	Single Dark Blue
Double Pink	Double Light Blue	Single Light Blue	Single Blush
Double Pure White	or Porcelain	Single Pure White	Single Yellow
REMEMBER, THE ABOVE CHOICE COLLECTION OF FIFTEEN HYACINTHS FOR ONLY \$1.00. ALL DIFFERENT			

Early Double Flowering Tulips

These Tulips have massive flowers of brilliant and varied colors, shades and markings, and being double, the flowers last much longer in bloom than single varieties and in consequence when singles and doubles are planted in conjunction the "time of the Tulips" is greatly prolonged. Double Tulips are beautifully adapted for beds on the lawn, in the garden, and for mingling in clumps of half a dozen or more around the edge of shrubbery. They are robust growers and exceedingly effective. The early sorts do splendidly when grown in pots for winter blooming, but must be forced much slower than Single Early Tulips, by keeping them cooler. Price, 3 cents each, or the set of 24 distinct kinds of Double Early Tulips for 65 cents. Those preceded with a star are the best varieties for forcing indoors.

ALBA MAXIMA—Creamy-white; a very desirable variety.

COUNT OF LEICESTER—Yellow, flamed with red. Fine bedder. Flowers at the same time as La Candeour and Rex Rubrorum.

COCHENELLE—A beautiful carmine color.

DUKE OF YORK—Rich, clear, bright red, with white edge.

DUKE OF BORDEAUX—Beautiful variegated orange-yellow.

GLORIA SOLIS—Brownish-red, bordered with pure gold.

JOSEPH ISRAELS—A grand red bedding Tulip.

LORD BEACONSFIELD—Extra deep carmine-rose or lilac; extra large.

LA CANDEUR—Pure white. Fine bedder. This variety is beautiful when planted among Rex Rubrorum to form designs, etc., planted four inches apart. We sell an immense quantity of them, being very cheap.

***LA MATADOR**—Clear scarlet, very desirable.

MA COUSINE—Beautiful, rich violet, white edged. This variety blooms at the same time as Rex Rubrorum and La Candeour, and makes an elegant border for these varieties.

PAEONY GOLD—A rich scarlet, feathered yellow.

YELLOW ROSE—Splendid golden-yellow; very large flower; the best of yellow Tulips. Extra fine.

Early Flowering Single Tulips

Those marked with a Star are the best for forcing in the house, but all Tulips are fine for garden culture.

Tulips are such universal favorites that it is scarcely necessary to expatiate upon their merits here. Their ease of culture, combined with beauty of form and gorgeous coloring, render them the most popular bulbs grown for spring bedding, and for winter flowering in the greenhouse and window garden they are incomparable. The Tulip is extremely hardy and of easy culture, flowering as freely in the shade as in the sunshine and producing as fine flowers in a confined town garden as in a more favored place. Double and Single Tulips, when associated together and planted in front of shrubs, maintain a longer display than if either are separately planted. In garden where the flower beds must be kept gay from the earliest day of spring, plant between the lines of Tulips, Scilla Sibirica, Chionodoxa Luciliae, Snowdrops or Crocus, and as these flower first they can be removed or cut down when the Tulip is coming into bloom. The Single Tulip has a greater variety of rich, delicate and attractive colors than any other selection of spring flowering bulbs. The Single Tulip is extensively grown for indoor decoration, three or five bulbs in a pot.

Price, 4 cents each, any fifteen for 50 cents; the set of forty-two distinct varieties of Early Single Tulips for \$1.25.

ADMIRAL REINIER—Carmine-rose, striped white, large goblet-shaped flower.

ARMS OF LEIDEN, "Wapen Von Leiden"—White striped with violet and red; very beautiful.

Superfine Mixture of Cottage Tulips—Price, 35 cents per dozen; \$2.50 per hundred.

Daffodils and Narcissus

"Daffodils—That come before the swallows dare, and take the winds of March with beauty"—Shakespeare.
Fine both for the garden and those preceded by a star (*) for forcing indoors.

NOTE—In describing Narcissus we have referred to the "perianth" and "trumpet;" the latter is the long center, funnel-like tube, and the "perianth" is the surrounding row of petals, or leaves.

Large Trumpet Narcissus

—All Yellow

***ARD-RIGH, or IRISH KING** (Trumpet Major)—Also known as Single Von Sion. Earliest and most vigorous "Giant Trumpet Daffodil" in cultivation. Fine bold flowers of immense size. POETICUS POETARUM—The flowers of this splendid variety are much larger and the orange rim more distinct in the cup. This beautiful variety will be welcomed, as a decided improvement over the old Poeticus. Price, 3 cents each; 30 cents per dozen.

***KING EDWARD VII.** (Almira)—Earliest of all Poeticus. Very large flower; grand. Price, 6 cents each; 50 cents per dozen.

***GLORY OF LISSE**—An improved form of Poeticus Ornatus. Extra large flowers. Very early. Each, 4 cents; dozen, 40 cents.

All White Trumpet Narcissus

***ALBICANS**—The "White Spanish Daffodil," creamy-white with a silvery-white trumpet, slight flushed with primrose and elegantly recurved at the brim. Price, 5 cents each; six for 25 cents.

MADAME DE GRAAFF—Pure white, very fine form. Certainly one of the most beautiful Narcissus in cultivation. Price, 10 cents each; three for 25 cents.

MRS. THOMPSON—One of the earliest and most beautiful varieties. Both trumpet and perianth are clear white. One of the best for forcing. Price, 5 cents each; six for 25 cents.

SNOWFLAKE—Pure white; very fine; holding its head well up. Price, 12 cents each; three for 30 cents.

TRIANDRUS ALBUS, or ANGEL'S TEARS—This is a most charming variety and much sought after; pure white flower. Price, 3 cents each; 30 cents per dozen.

Hoop Petticoat or Medusa's Trumpet Narcissus

Bold and shapely flowers. They are gems for pot culture, and bear from six to twelve flowers to each bulb. For planting in groups around the edges of lawns, and especially for edgings for beds, this class is superbly adapted. The bulbs of the Hoop Petticoat varieties are all small, but produce handsome flowers.

BULBOCODIUM—The "large Yellow Hoop Petticoat," rich golden yellow. 4 cents each; 40 cents per dozen.

CITRINUM—The "large Sulphur Hoop Petticoat." Large sulphur flowers. Unique and beautiful. 4 cents each; 40 cents per dozen.

Narcissus Poeticus Poetarum.

Two Colored Varieties

WHITE AND YELLOW

There are no finer Narcissi than the Orange and Sulphur Phoenix. Especially is the Sulphur Phoenix extra fine. The flower is as large almost as a Peony. Be sure and try them.

***ORANGE PHOENIX** (Eggs and Bacon)—This beautiful variety has double white flowers, with orange nectary. Splendid for pot culture and cutting. 4 cents each; 40 cents per dozen.

***SULPHUR (or Silver) PHOENIX** (Coglins and Cream)—Large creamy-white flowers with sulphur nectary; an exquisite corsage flower and fine for growing in pots. 6 cents each; five for 25 cents.

Narcissus Horsfieldii (Empress). See page 10.

Polyanthus Narcissus or Bunch-Flowered Daffodils

The Polyanthus variety of Narcissus is not only beautiful, but deliciously sweet-scented and of the very easiest culture. Very free-flowering and suitable for window garden, conservatory or garden, continuing long in bloom. They have tall spikes of bloom, bearing six to twenty-four flowers each. The pure white petals and gold cup of some varieties, the yellow with the orange cup of others, and the self whites and yellows, render them great favorites.

NOTE—Polyanthus Narcissus, although not considered hardy, have lived out for two winters in the vicinity of Boston with a slight covering of straw and leaves, and produced much larger flowers, and more of them, than when grown in the house in pots.

WHITE VARIETIES

***PAPER WHITE** (Totus Albus Grandiflora)—Pure snow-white flowers in clusters. This variety is perhaps more largely forced for cut flowers than any other, millions of them being used for the larger flower markets of the world. 4 cents each; 40 cents per dozen.

***GRAND MONARQUE**—Large, pure white, with lemon cup. Extra fine. This variety is one of the finest of all Polyanthus Narcissus. 5 cents each; six for 25 cents.

GLORIOSA—Pure white, with orange cup. Very fine and distinct. Early, splendid to force. 5 cents each; 50 cents per dozen.

***GRAND SOLEIL d'OR**—Rich yellow with reddish-orange cup. A favorite bedding and cutting variety. 5 cents each; 50 cents per dozen.

***NEWTON**—Very fine yellow with orange cup. Distinct. Extra free bloomers. 5 cents each; 50 cents per dozen.

DOUBLE VARIETY

***DOUBLE ROMAN**—Clusters of white flowers, with double citron colored cups. It is very early, and grown principally and largely for forcing. 4 cents each; 40 cents per dozen.

The Chinese Sacred, or Oriental Narcissus

A VARIETY OF POLYANTHUS NARCISSUS

The 'Shui Sin Far,' or Water Fairy Flower, Joss Flower, or Flower of the Gods, etc., as it is called by the Celestials is a variety of Narcissus, bearing in lavish profusion chaste flowers of silvery-white with golden-yellow cups. They are of exquisite beauty and entrancing perfume. It is grown by the Chinese according to their ancient custom to herald the advent of their new year and as a symbol of good luck. The bulbs are grown by a method known only to themselves, whereby they attain great size and vitality, insuring luxurios growth and immense spikes of flowers. In fact, the incredibly short time required to bring the bulbs into bloom (four to six weeks after plant-

Chinese Sacred Lily (*Narcissus Orientalis*).

ing) is one of the wonders of nature. "You can almost see them grow," succeeding almost everywhere with everybody. They do well in pots of earth, but are more novel and beautiful grown in shallow bowls of water, with enough fancy pebbles to prevent them from toppling over when in bloom. A dozen bulbs started at intervals will give a succession of flowers throughout the winter. We are importing direct from China immense bulbs of the true large-flowering variety. 15 cents each; four for 50 cents.

Giant Golden Sacred Lily

(*Jonquil Campernelle Regulosus*)

The flowers of this beautiful Sacred Lily are almost identical with the Chinese variety, except that they are of the most lovely shade of deep golden-yellow, making a fine contrast with the white bloom of that noted kind. The bulbs are not nearly so large, but the trusses of flowers are of good size, making this a charming bulb for house culture. Grows in water, like the old variety. 3 cents each, six for 15 cents. 25 cents per dozen.

TRY A DOZEN AND BE DELIGHTED.

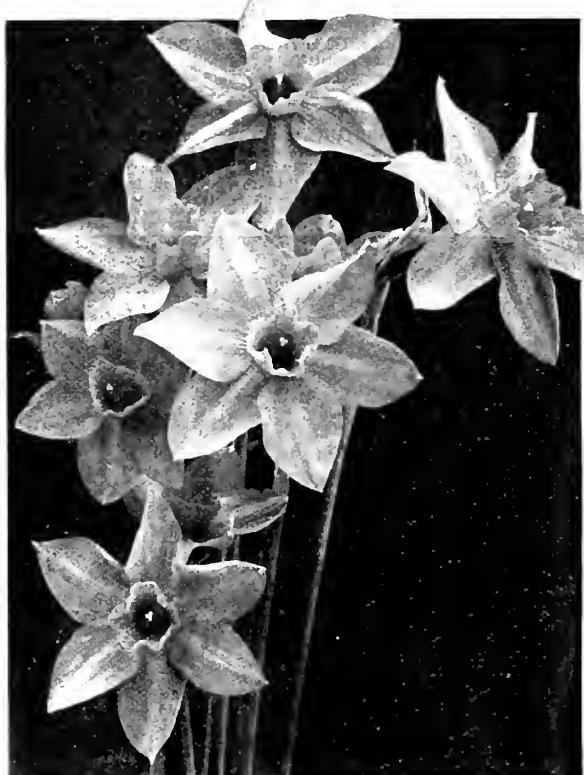

Jonquils

Much prized for their charming large golden and deliciously sweet-scented flowers, perfectly hardy and flowering very early in the spring; also admirably adapted for winter flowering in the house—three to six bulbs in a four- or five-inch pot.

***JONQUIL SIMPLEX** (Single Sweet-Scented Jonquill)—A bright yellow perianth, deeply lobed and very fragrant. Four for 10 cents; 20 cents per dozen.

***JONQUIL PLENA** (Double Sweet-Scented Jonquill)—Flowers full, double, and of golden-yellow color. 3 cents each; 30 cents per dozen.

JONQUIL CAMPERNELLES—The best of the Jonquil section. Perianth six-lobed, spreading, of a light yellow color, sweet-scented. Four for 10 cents; 20 cents per dozen.

Jonquil Campernelles.

For Fall Planting

"The fairest of all things that blossom and grow,
Sweet as the summer and pure as the snow,
Is the Lily that tells,
Like the glad Easter Bells,
Once more the sweet story which all hearts should
know."

Lilium Giganteum

The True Bermuda Easter Lily

This peerless Lily is the greatest acquisition to floriculture made in many years. Their profusion of bloom, the remarkably short time required to bring them into flower, and the certainty to produce abundant bloom, and also the ease with which they can be manipulated to be flowered at any desired period, such as Christmas, Easter, and other special occasions, make them invaluable. Flowers are delightfully fragrant, pure waxy white, of great substance, and if cut as soon as they are open or partially open they can be kept for two weeks. A short time only is required to bring them into bloom. Bulbs potted in August can be had in flower in November if desired. A succession of bloom can be kept up from November to May by bringing the pots of rooted bulbs in from cold frames at intervals during the winter. The quantity of bloom produced is marvelous. Blooming plants in pots form typical Easter offerings and presents, for decoration of window, table, house or church. As a garden Lily it is of great beauty, being entirely hardy except in Northern climates, where it requires a protection of leaves or litter to the depth of five or six inches. Price, 20 cents each; three for 50 cents.

Lilium Candidum

The old-fashioned pure white garden Lily, also known as Easter Lily, or Annunciation Lily. One of the hardiest. Flowers snow-white, with heavy yellow stamens and sweetest fragrance. It bears from five to twenty blossoms. This is the most decided variety we have in expressing its preference for a planting time. It must be planted in the early autumn to succeed well, as it makes its leaf growth at once after planting, and prepares itself for early flowering. The bulbs are sometimes kept in cold storage for spring sales, but never do quite so well. Customers will do well to plant a bed of twenty-five or more for a permanent bed or border. Price, 20 cents each; three bulbs for 50 cents; \$1.50 per dozen.

Lilium longinorum roseum.

Lilium Auratum

The Gold-banded Lily of Japan

This is the highest type of flowering bulbous plants. The most beautiful and fragrant of all our list. The flowers are of immense size, being fully twice as large as those of almost any other Lily. The new bulbs are brought from Japan for us each year, and only such will give best results. They are shipped to us wrapped in a ball of clay, and arrive plump and sound, every one ready to bloom. Fine bulbs, 20 cents each; three for 50 cents; \$1.75 per dozen, postpaid.

Tigrinum Simplex

The single Tiger Lily, imported. This is a great favorite. There is no better Lily grown. Price, 20 cents each; three for 50 cents.

Tigrinum Flore-Pleno

Bright orange, spotted black and very double. Price, 25 cents each; three for 60 cents.

Lancifolium Rubrum

A beautiful bright rose, spotted with a rich velvety crimson. Price, 20 cents each; three for 50 cents.

Lancifolium Album

One of the most beautiful of all Lilies. Pure white and very fragrant. Price, 25 cents each; three for 60 cents.

LILY GIGANTEUM, CANDIDUM AND LILY OF THE VALLEY are now ready. The other varieties cannot be sent until November. Order now, and we will file your order, and send as soon as we receive them from abroad.

A GREAT OFFER

The set of seven lovely Lilies on this page, all distinct, costing \$1.50, sent for only \$1.25.

Lily of the Valley

The modest bell-shaped flowers, of the purest white, are highly prized for cutting purposes, and for flowering in pots in winter they are exceedingly well adapted. Beautiful and most interesting ornamental designs for the parlor or conservatory may be produced by planting Lily crowns in Crocus pots or in pyramidal pots made especially for this purpose and pierced with holes. They will last several weeks in beauty. By taking them in at intervals a succession of different designs may be kept up all winter. They are also forced in immense quantities by florists, but they are the most charming when grown in large patches in partially shaded localities around the lawn, near the borders of streams, lakes, etc., being perfectly hardy. Price, 3 cents each; 30 cents per dozen.

Lily of the Valley (Convallaria).

Winter Blooming Freesias

FREESIA REFRACTA ALBA.—No description can do adequate justice to this beautiful plant. The flowers are two inches long and about the same in width, shaped like miniature Gladioli, and borne in clusters of six to ten on depressed horizontal scapes. The body of the flower is pure white, with lower segments spotted lemon-yellow. The perfume is most delicious, being a mixture of Mignonette, Violet and Jasmine, and one plant is sufficient to perfume a large room without the overbearing perfume of Hyacinths or Tuberoses. The plant has tooth-shaped bulbs and flat, spreading leaves. Its cultivation is the simplest, requiring only to be potted in October, to be watered sparingly at first, placed in a sunny window, and watered more as growth progresses. When out of flower, store in some place, and repot at proper season in fresh soil for another year's growth. Six fine selected bulbs for 15 cents; twelve for 25 cents.

Triteleia Uniflora

This is one of the choicest additions to winter-flowering bulbs that has been offered in many years. The bulbs are small, and several can be planted in a pot, each one of which will send up several flower scapes, bearing star-shaped blossoms one inch in diameter, pure white, elegantly lined with celestial blue. As the flowers follow each other successively and last a long time before fading, a pot of these bulbs is never without flowers for several months in mid-winter. They are also quite hardy, and can be planted in the open ground, where they will bloom elegantly in the early spring. We earnestly advise all lovers of flowers to plant this beautiful gem. It is sure to thrive. Fine bulbs, 10 cents per dozen.

Triteleia Laxa

This is a new variety, bearing ten flowers to the stalk instead of one flower like the Uniflora. Elegant. Be sure to try it. 20 cents per dozen.

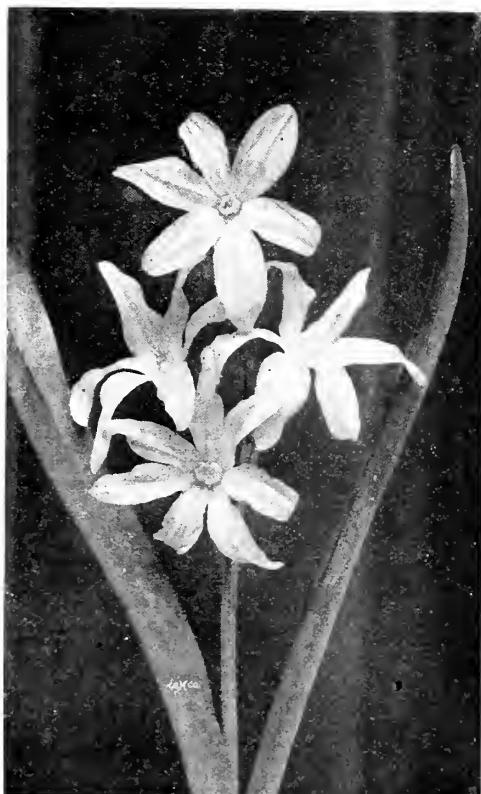

Scilla Sibirica, or Squill

STAR HYACINTH.—*Scilla Sibirica* is one of the loveliest spring flowers. It has color almost as deep as the sky itself. Quite hardy, and flowers out of doors at the same time as the

Snowdrop, in front of which it gives a charming effect. Planted in pots and kept indoors it may be had in bloom as early as Christmas. Its magnificent bright blue color makes it suitable for any decorations whatever. Two for 5 cents; 25 cents per dozen.

Ixia.

Chionodoxa Luciliae. (See page 15.)

Ornithogalum Arabicum

We introduce this as a new winter-blooming bulb of great beauty and value. In magnificence there is nothing like it among winter-blooming bulbs or plants. Even the grand Hyacinth must be preceded by the stately beauty of this flower. It is a native of Arabia. Bulb large and solid, closely resembling that of a Hyacinth, and requiring exactly the same culture. Leaves long and narrow, flower spikes 18 to 24 inches, high, strong and graceful, bearing an immense clusters of large pearly-white flowers with jet-black center. The individual flowers keep perfect many weeks before fading, so that for more than a month this grand spike of bloom is in full glory. Its durability is almost without an equal among flowers. Add to this its delicate aromatic fragrance, and we have a winter-bloomer which all must admit stands without a rival. Its culture is the easiest, as it will grow in any position in any window. A bulb can be planted in any four-inch pot, or several in a large pot or box. Pot in September, October or November. They can be kept and planted as late as Feb. 1. For open ground culture they do well if protected from freezing severely. Large-flowering bulbs, 5 cents; six for 25 cents.

Ixias

The Ixias produce their beautiful flowers in spikes, and are of the most dazzling and brilliant colors, and sure to attract great attention. It is only a few years that they have been grown in this country to any great extent, but in that time, like the Freesias, they have become very popular. For pot culture in the house they give great satisfaction, being of easy culture and free bloomers. Half a dozen bulbs can be planted in a five-inch pot, and the display is magnificent. For open ground culture give them winter protection with leaves or straw. They are very cheap, and all lovers of odd and beautiful flowers should certainly add them to their collection. The sorts we offer are new and very fine. 10 cts. per dozen.

Amaryllis (See page 15.).

Crocus Vernus

—That Bloom in the Spring

The Crocus is one of the first flowers of spring, and one of the best for blooming in the house during the winter. Half a dozen bulbs may be planted in a pot, and will make a very pretty show. For garden culture plant bulbs two inches deep and two or three inches apart. They are so cheap and pretty they ought to be found in every garden in abundance. They bloom splendidly when planted on the lawn among the grass. They lift their bright heads up through the sod very early, and give the lawn a charming aspect. The sorts we offer are especially strong and fine. Price, 15 cents per dozen; \$1.25 per hundred.

AMAZONE—Light blue, striped violet.

DANDY—A light blue, bordered with white.

CLOTH OF GOLD—Pure yellow, suffused with brown.

CLOTH OF SILVER—Beautiful white, striped lilac.

GIANT YELLOW—Deep golden-yellow; large and fine.

KING OF THE WHITES—Purtest white; extra large.

PRESIDENT LINCOLN—Richest royal purple.

SIR WALTER SCOTT—Striped white and violet.

EXTRA FINE MIXED—All the above colors mixed.

Crocus Vernus—The First Flower of Spring.

Giant Snowdrops

Beautiful dwarf white flowers, pushing up through the snow in the spring, a habit from which arose this name. They are lovely little blossoms, and should be found in every garden. Indoors they are equally pretty and easily brought into bloom. Being dwarf, they are usually planted along walks or the margins of beds. The Giant Snowdrops we offer are much superior to the common varieties, producing large flowers.

GIANT SINGLE SNOWDROP (Elwesii)—Two for 5 cents; 15 cents per dozen; \$1.00 per 100.

GIANT DOUBLE SNOWDROP—Three for 10 cents; 30 cents per dozen; \$2.00 per hundred.

Sparaxis

From the Cape of Good Hope, producing flowers about the size and shape of those of the Crocus. The colors are of an infinite variety. Pure white, yellow, orange, red, purple and violet are to be found, either separate or blended, in pleasing variegation. Three or four bulbs may be put in a four-inch pot with good effect. Try them; they are charming. Price, 10 cents per dozen.

Freesia Refracta Alba. (See page 14).

Anemones

Very beautiful and brilliant spring-flowering bulbs which should be found in all gardens. They possess a beautiful range of very fine colors, such as brilliant scarlet, red, blue, rose, striped, carnation, etc. For pot culture they are very fine indeed, and succeed best if left in the same pot year after year without removing or disturbing.

SINGLE ANEMONES—All colors, mixed. Price, 15 cents dozen.

DOUBLE ANEMONES—All colors, mixed. 25 cents per dozen.

Amaryllis Johnsonii

Lovely bulbous plants for winter or early spring blooming. Give plenty of water while growing. When through blooming, gradually withhold water, so that they may become dormant during the summer. Start again in the fall by repotting in fresh soil and increasing the supply of water gradually. This is the large crimson variety that is very popular. Immense Lily-like flowers of deep crimson, borne on strong stalks of from five to eight flowers. Very desirable. Fine bulbs, 40 cents each.

Ranunculus

This class of bulbous plants is among the finest of all flowers. The French Ranunculus, especially, are distinguished by great strength, size and beauty. They attain a height of ten to fifteen inches, and the hues and colors of their many varieties, varying from pure white and yellow to bright vermillion and crimson are really beautiful. The Persian Ranunculus are a little smaller than the French, and also more dwarf. However, their colors are as fine, and exhibit the most beautiful shades, and are of the most graceful form. The Turban, or Turkish Ranunculus, differ very much from each other, and display lovely Oriental beauty of coloring. Can be grown easily in pots, or out of doors if protected.

DOUBLE PERSIAN RANUNCULUS—15 cents per dozen.

DOUBLE TURKISH RANUNCULUS—Five for 10 cents; 20 cents per dozen.

DOUBLE FRENCH RANUNCULUS—10 cents per dozen.

Fritillaria Meleagris

SNAKE'S HEAD, or **TURK'S CAP**.—Very early flowering bulbs, suitable either for garden or pot culture. In pots they bloom during January or February, and are very attractive. They resemble Lily flowers, and are borne on graceful, drooping stems. An attractive object to anyone's garden or window. Assorted colors, 5 cents each; six for 25 cents.

Allium Neapolitanum

This plant has graceful leaves from eight inches to a foot long, of the darkest green, forming a very cheerful mass. Each plant bears from one to three scapes, or trusses, of flowers, which are pure white, about one-fourth of an inch in diameter. Many of the trusses bear over one hundred flowers each. Five for 10 cents; 20 cents per dozen.

Chionodoxa Luciliae

(Glory of the Snow). One of the most lovely flowering spring bulbous plants ever introduced, producing spikes of lovely azure-blue flowers with pure white centers. It is one of the earliest of all flowers, blooming before the Crocus, and sure to be more satisfactory to those who plant it. For winter blooming this bulb is also lovely. Strong home-grown bulbs, 3 cents each; four for 10 cents; 25 cents per dozen.

Oxalis Grand Duchess.

Milk and Wine Lily

Crinum Fimbriatum.

"I must tell you that Milk and Wine Lily has done famous work. It has developed nine fine blooms, nad there are two unopened buds. We therefore gave it a free ride last Wednesday to our chapel services. It was admired by everybody. There were Bostonians and people from various towns to admire and enjoy it."—Mrs. E. Adams, Mass. A grand sort. The most beautiful of the Crinums. Its bulbs grow large, and its strong-growing foliage is erect and sword-shaped; flowers in umbels, very large and showy, three to four inches in diameter, striped with white and carmine, and very fragrant. Hardy in the South. Fine bulbs, 25 cents each.

Calla Lilies

Everybody Needs a Calla for Winter Blooming.

Here Are the Best.

THE DWARF CALLA (*Little Gem*) (*Nana Compacta*).—Grows ten to fifteen inches high, and produces many blooms. Price, 20 cents each.

CALLA ETHIOPICA—The old-fashioned sort; in three sizes. Small bulbs that will bloom, 10 cents each; large bulbs, 25 cents each; extra large bulbs, 50 cents each.

SULPHUR-YELLOW CALLA, AURATA—Lovely sulphur-yellow flowers. This is becoming quite popular. Fine bulbs, 15 cents each.

THE GODFREY CALLA LILY, "Devoniensis"—Undoubtedly the finest thing ever sent out in the Calla line, and quite indispensable. Blooms all winter. Compared with the ordinary Calla, it gives three blooms to one; it is snow-white and perfect in form. Blooms on very small plants, though it attains to a very large size with very large flowers. The new Godfrey Calla *Devoniensis* is a wonder. Blooming bulbs, 25 cents each.

GOLDEN YELLOW CALLA (*Richardia Elliottiana*)—Entirely distinct and unlike all other forms of yellow Calla; it has the same habit of growth as the ordinary white variety, with flowers of same size and shape, but of a rich, clear, lustrous golden-yellow color; the foliage is dark green with a number of translucent creamy-white spots, which add much to its beauty. It is but a few years ago that this sold at a very high price. We are now able to offer strong, blooming bulbs at 20 cents, three for 50 cents.

BLACK CALLA (*Arum Sanctum*)—This is the famous Black Calla; it grows so very easily and produces Calla Lily shaped flowers that in color are coal black. This Lily produces the blackest flower of any plant in existence. It is simply jet black; stock is scarce. Price, 25 cents each; two for 40 cents.

Fairy or Rain Lily (Zephyranthes)

Narrow Amaryllis-like foliage with long stemmed fairy-like delicate pink flowers; bloom almost continuously throughout the summer. A dozen bulbs in a pot or pan make a handsome ornament for the porch. 5 cts. each; 6 for 25 cts.; 12 for 45 cts.

Grand Duchess Oxalis

The grandest of all winter-blooming bulbs. Small bulbs, filling a large pot with beautiful foliage and brilliant flowers, literally hiding the plant. Price, 5 cents each, or a bulb of each color for 15 cents.

GRAND DUCHESS LAVENDER.

GRAND DUCHESS WHITE.

GRAND DUCHESS PINK.

GRAND DUCHESS BOWEI (Red).

Bermuda Buttercup Oxalis

An Unrivaled Winter-flowering Pot Plant.

This is one of the finest winter-flowering plants for pot culture that we have ever seen. It is such a strong, luxuriant grower that one bulb will be sufficient for a six or eight-inch pot. Place in a dark, cool position for a few weeks to root thoroughly, and remove to a sunny situation in the window or conservatory, in a temperature of about 60 degrees Fahrenheit, and the great profusion of blooms produced in uninterrupted abundance for weeks will astonish and delight you. Flowers of the purest bright buttercup-yellow. Well grown plants have produced as high as seventy flower stems at one time, and over one thousand plants in one season. The flowers, and frequently the leaves, fold up at night and open again the next morning; but when grown in a partially shaded situation the flowers remain open all the time. Properly treated, the plants will flower in 6 weeks from the time the bulbs are planted. We do not claim the Bermuda Buttercup Oxalis to be a strictly new plant, but a greatly improved selection from *Oxalis Cernua*, grown in the congenial soil and climate of Bermuda until the bulbs have attained great strength, producing bulbs, plants and flowers larger and more luxuriant in all parts than the type. Excels all bulbous plants in profusion of bloom. It is graceful, and delights all who see it. Price, 3 cents each; 30 cents per dozen.

Oxalis

These varieties of Oxalis are all for winter blooming. They make the most beautiful hanging pots and baskets, producing a mass of flowers all winter, which in brilliant and beautiful colors are truly charming. Winter-blooming Oxalis are always sure to please. Plant five or six bulbs in a six-inch pot. They commence growth immediately after planting. Our mixture embraces pink, white, yellow, red, etc. Price for mixture of all colors, 10 cts. per dozen.

Golden Yellow Calla—*Elliottiana*.

Iris

—The Rainbow Flower

The Iris are fast coming into favor. They are entirely hardy and increase rapidly when planted in a flower garden. By planting the different families of Irises you will have bloom from the tenth of May till the middle of July. To get the best results Irises are planted in the fall, although they can be planted any time in the spring of the year.

Iris Kaempferi—Japanese Iris

The improved forms of this beautiful perfectly hardy flower, producing a dozen flower spikes, each spike bearing from two to four enormous blossoms eight to ten inches across, are not outrivaled by any flower in existence. They are of the most delicate and beautiful colors, markings and combinations. Coming into flower about the middle of June and continuing for a month, they fill a period when flowers of this attractive type are particularly welcome. They will thrive in almost any situation, but require plenty of water when they are forming their buds and developing their flowers. The following varieties are the cream of over one hundred sorts. Price, 20 cents each; six for \$1.00; the set of twelve for \$1.50. We can supply extra fine mixed sorts at \$1.00 per dozen.

ADMIRAL DE REUTER—Silvery gray, almost white, standards deep violet-blue. Three petals.

GEKKI-NO-NAMI (Moonlight on Waves)—Large double white, center gold and yellow. Some sell this under the name Gold Bound. Six petals.

HANA-AOI—Silvery-gray, heavily veined and marked with dark blue, shaded lilac. Six petals.

ISO-NO-NAMI (Shallow Waves)—Fine porcelain-blue, blotched deeper, center rosy-lilac flushed with gold. Six petals.

KING EDWARD VII.—Rich velvety-purple; very early. Three petals.

KUMO-NO-UYE—Richest royal velvety-blue, brilliant yellow throat. Six petals.

KUMOMA-NO-SORA (Sky Amdst the Cloud)—White edged and flushed with sky-blue; zone center banded yellow. Six petals.

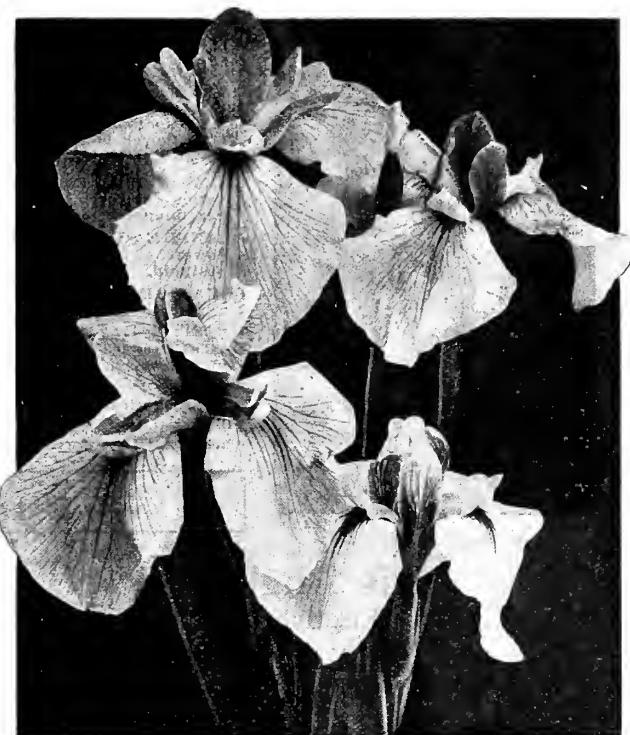

KUMO-NO-OBI—Dark lavender-purple, with white halo and base of gold; also known under name of Purple and Gold. Six petals.

KUMA-FUNGIN (Excited Bear)—Large deep violet-blue; very fine. Six petals.

OSHO-KUN—Intense Tyrian-blue, yellow blotches radiating into white, standards dark violet; superb. Six petals.

SENJO-NO-HORA (Bottomless Cave)—Vinous purple, speckled and splashed lilac-gray; standards purple stained gray; extra. Six petals.

UCHUJU—Cerulean blue with a white halo radiating white veinings. Standards tipped blue. Six petals.

Japanese Iris—Iris Kaempferi.

Iris Germanica—German Iris

The "Fleur de Lis" of France

No other flower has so many combinations of color, especially of the delicate and unusual shades, and the name Rainbow Flower is most fitting. They are absolutely hardy, as beautiful in form, texture and coloring as any Orchid, and many are delightfully fragrant. They are not particular as to soil; will grow where anything will, but do better in well-drained locations. There is nothing prettier than this German Iris, blooming from May 10th to June 10th. The colors are gorgeous and they completely hide the plant. Be sure and plant some German Iris. Price, 10 cents each, except where noted; the set of six priced at 10 cents for 50 cents; the entire nine costing \$1.55 for \$1.25.

FLORENTINA ALBA—Creamy-white, faintly flushed lavender; fragrant and early. This is the Iris root of commerce, being used for the manufacture of toilet powder. The roots are delicately perfumed. Price, 10 cents.

HONORABLE (Sans Souci)—Standards golden-yellow, falls rich mahogany-brown; very effective. Price, 10 cents.

INNOCENZA—Standards and falls ivory-white; crest rich golden-yellow; a very delicate and showy flower. 25 cents each.

MADAME CHEREAU—Standard and falls white, elegantly frilled with a wide border of clear blue; very beautiful. Price, 10 cents.

MRS. NEUBRONNER—Very deep golden-yellow. Extra. Price, 35 cents.

MAORI KING—Standards rich golden-yellow; falls velvety-crimson margined gold. Very brilliant. Price, 35 cents.

PALLIDA DALMATICA, or Heavenly Blue—Standard delicate lavender; falls clear deep lavender; flowers very large and extra fine. Price, 10 cents.

PURPLE PRINCE—Standard intense deep violet blue; falls velvety dark purple; exceedingly rich and striking. Price, 35 cents.

QUEEN OF MAY—A lovely shade of rosy-pink, tinted with illac; beautiful. Price, 10 cents.

German Iris and Late Tulips.

Spanish Iris.

Iris Anglica -English Iris

This is a lovely section of bulbous Iris, growing about three feet in height, producing enormous flowers of every shade of color, such as pure white, pale blue, magenta-purple, dark blue, white spotted lilac, violet and red, purple and violet, blue and red, etc., including such well known varieties as *Damon*, *Grand Blanche*, *Wapen van Rotterdam*, *La Unique*, *Venus*, *Vainqueur*, and others, including every shade and combination known in this family. All hardy, all easily grown, and cannot be too strongly recommended. Plant early and cover with some light material to protect from frost the first season. 5 cents each, six for 25 cents, 40 cents per dozen.

NOTE—The Iris are perfectly hardy, and should be planted in the fall for spring blooming. **EVERY BULB OR RIZOME WILL FLOWER THE FIRST YEAR.**

Missouri, April 29, 1915.

The Good & Reese Co.:—Just two years ago, noticing an advertisement in the "Household Journal" and an article on Rose culture, by Mrs. Jessie Good, in which I was very much interested, I gave you an order for a specially advertised selection of 12 Roses for \$1.00.

I knew that you advocated the planting of small stock, nevertheless I was surprised when the package reached me and I found it to be only 8 inches long and 1½ inches in diameter, for the whole 12 plants. Nevertheless, I was not discouraged or dissatisfied, but planted them according to directions, and within two months they were a wonder. They bloomed that same spring, and all through the summer and fall. Before winter none of the bushes were less than 18 inches high; some much larger.

Our General Catalogue

for the spring 1916 will be ready in January. All purchasers from this catalogue, and all who have been customers within the past three years, will receive a copy free at the time it is issued, and without applying for it; others wishing it will please write for it. Should any of our patrons have friends requiring Bulbs, etc., we would be pleased to forward a copy of this Catalogue on receipt of name and address. Customers changing their residence will kindly furnish us with their new address (also state their old address), so we can correct our lists and mail our Catalogue properly.

Iris Hispanica —Spanish Iris

The Spanish Iris are grown in England by the millions for cut flowers. Perfectly hardy. They are very recommendable. The colors and shape of the flowers resemble the most beautiful Orchids. The colors are very striking, while the substance of the flower is much more permanent than the other varieties of Iris, causing them to last in bloom much longer. Don't fail to try a bed of Spanish Iris.

CHRYSELORA—Extra fine golden-yellow, the best yellow Spanish Iris in cultivation for forcing and for planting outdoors. Extra, 15 cents per dozen; \$1.25 per hundred, postpaid.

BLANCHE SUPERBE—A grand pure white variety; has great substance in the flowers. The best white Iris for forcing. 15 cents per dozen; \$1.25 per hundred, postpaid.

COUNT OF NASSAU—The finest dark blue kind in cultivation; the flower has an agreeable Honeysuckle-like perfume. 20 cents per dozen; \$1.50 per hundred, postpaid.

DARLING—A beautiful shade of light blue. A splendid large flower, the finest of its color. 15 cents per dozen; \$1.25 per hundred, postpaid.

LA RECONNAISSANCE—The most distinct of all the Spanish Iris. Grand flowers of a beautiful olive color; extra, 15 cents per dozen; \$1.25 per hundred, postpaid.

REMEMBER, that the Spanish Iris, as named above, are perfectly hardy everywhere, and they force finely in pots—put one-half dozen bulbs in a six-inch pot.

SPANISH IRIS MIXED

All Colors—20 cents per dozen; \$1.50 per hundred; postpaid.

Iris Pavonia —Peacock Iris

This beautiful Iris is very attractive. It is a sky-blue color, with a peacock eye of dark blue on each of the petals. It certainly is a gem. Price, 5 cents each, six for 25 cents, 40 cents per dozen.

Iris Anglica—English Iris.

Splendid Peonies—Hardy Everywhere

“Aristocrat of the Flowers”

The wonderful improvement made during recent years in these old-fashioned hardy plants has brought them into renewed popularity. The gorgeous flowers, which rival the finest Roses in size, form and color, are produced in great abundance. After once being planted they require little care and attention, thrive anywhere, and are absolutely hardy even in the coldest climates; each year after planting they grow into greater value, producing more and more flowers. They are not troubled with insect pests. Try some of our fine Peonies, and see what grand flowers they are. Get it out of your head that there are only Red, White and Pink Peonies to illustrate at flowering time. People who visit our field will say, “I have only Red, White and Pink Peonies. I desire only Red ones,” but when they are shown the Pink and White, they invariably exclaim, “How grand! I have none like them.” There is as much difference in Peonies as there is in Roses.

G. & R. Special Collection of Peonies

“Peonies for Pleasure”

This book of “Peonies for Pleasure” gives you information on “Peony History,” “Nomenclature,” “Six Points of Excellence,” “A Month of Peonies,” “The Lure of the Peony,” “An Appreciation,” about Peony culture, soil, drainage, fertilizers and how to apply; planting time and how to plant; varieties for cut flowers; how to grow exhibition flowers. This book describes over two hundred of the choicest kinds. If you want information on the plant that stands next to the Rose in beauty, that is practically known to the amateur as simply a red, white and pink Peony, then send today for “Peonies for Pleasure.”

Time to Buy Peonies During the Fall Season

The proper time to buy and plant Peonies is from September 1st until the ground freezes up. The plants we offer are field-grown divisions with two to five or more eyes, commonly known as one-year plants. For prices on two and three-year-old roots send for our “Peonies for Pleasure;” it prices all the different sizes we have to offer.

For Peonies, both old and new varieties not named in this Catalog, see “Peonies for Pleasure.” Write today for it.

Alphabetical List of Peonies

You may order by the number preceding the varieties or by name, or, better still, in ordering use both number and name. For full and complete description of these Peonies send for our booklet, "Peonies for Pleasure." It is mailed free. It also describes and prices over a hundred other choice kinds, both new and old, that are not named in this catalog. Send for it today.

- 12—ALBERT CROUSSE** (Crousse 1893)—The color is an even, delicate sea-shell pink; nothing finer; by many considered the best of all Peonies. **75 cents.**
- 141—ALBATRE** (Crousse, 1885)—In our estimation one of the finest Peonies grown. Color milk-white with cream-colored center. Extra. **60 cents.**
- 170—AUGUSTE VILLAUME** (Crousse, 1895)—Enormous full round blooms, a uniform color throughout the entire flower of rich violet-rose. Very fragrant; superb. **75 cents.**
- 98—ANDRE LAURIES** (Crousse, 1881)—Rosy-red, probably the most widely planted of any Peony. **35 cents.**
- 102—ASA GRAY** (Crousse, 1886)—Large, full, imbricated rose-formed bloom, guards salmon-flesh, center of flower flesh-pink dotted carmine. **50 cents.**
- 228—AUGUSTIN d'HOUR** (Calot, 1867)—An extremely large and showy flower. Color very deep rich brilliant soferino-red. Indispensable. **50 cents.**
- 132—avalanche** (Crousse, 1886)—Color pure snow-white, with a few delicate pencilings of carmine on edge of central petals. **50 cents.**
- 279—BARONESS SCHIROEDER** (Kelway, 1889)—Immense size, forming a huge pyramid of baby pink, changing to pure white; extra fine. **\$1.50.**
- 2—BERLIOZ** (Crousse, 1886)—Enormous full globular imbricated bloom, bright currant-red tipped silver; beautiful. **35 cents.**
- 118—BOULE DE NEIGE, or BALL OF SNOW** (Calot, 1862)—Large cup-shaped bloom. Color milk-white, sulphur center, prominently flecked crimson. **25 cents.**
- 11—CANARI** (Guerin, 1861)—Primary petals white, flushed pink, with deep primrose-yellow center; sweetly fragrant. **25 cents.**
- 31—CHARLEMAGNE** (Crousse, 1880)—A Peony that has many admirers; blooms late. Color a delicate tint of lilac or hellotrop. Grand. **35 cents.**
- 127—CLAIRE DUBOIS** (Crousse, 1886)—Very large globular flower; color, rich clear satiny-pink with a distinct silvery sheen; extra fine. **75 cents.**
- 128—COURONNE D'OR, or CROWN OF GOLD** (Calot, 1873)—Very full, imbricated, ball-shaped bloom; color, snow-white, with golden-yellow stamens showing through the sides of the petals. A wonderful Peony. **50 cents.**
- 142—CANDIDISSIMA** (Calot, 1856)—Guard petals creamy-white, center sulphur-yellow, delicately tinted flesh, with a light green heart. Very chaste and refined. **35 cents.**
- 155—CYTHERE** (Calot, 1856)—A charming white Peony, the center petals edged carmine. **35 cents.**
- 119—DOCTOR BOISDUVAL** (Guerin, 1850)—This Peony is conspicuous among the reds by its brilliant velvety dark maroon color. The coloring is simply dazzling. Flowers very full and double. **60 cents.**
- 97—DORCHESTER** (Richardson, 1870)—An upright grower; color a delicate hydrangea-pink or salmon-flesh. A color that is rare in Peonies. **60 cents.**
- 41—DUCHESSE DE NEMOURS** (Calot, 1856)—Superb cup-shaped; sulphur-white flowers, fading to pure white. In all Peonies there is nothing so exquisitely chaste and beautiful as this variety in the half open bud state; excellent as a cut flower. Don't omit it. **25 cents.**
- 22—DUKE OF WELLINGTON** (Calot, 1859)—One of the grandest flowers in our whole collection. Very large, high-built flowers of immaculate white. Simply grand. **35 cents.**
- 164—E. G. HILL** (Lemoine, 1906)—Color a rich Tyrian-rose or red, with a wide border of silvery-rose; fragrant. Magnificent. **\$2.00.**
- 126—EMILY HOSTE** (Origin unknown)—A beautiful creamy-white color; very floriferous and fragrant. **25 cents.**
- 93—EUGENIE VERDIER**—The flowers are large. Color a delicate hydrangea-pink, with primary petals lighter, center flushed crimson. **75 cents.**
- 79—EDULIS SUPERBA** (Lemon, 1824)—This might be called the Decoration Day Peony, as it is always in bloom for May 30th; a most beautiful clear mauve-pink with silvery reflex. **50 cents.**
- 202—FAUST** (Mieliez, 1855)—Crown type; midseason. Guard petals and crown hydrangea-pink, changing to lilac-white, collar of narrow sulphur-yellow petals. **25 cents.**
- 25—FELIX CROUSSE** (Crousse, 1881)—All Peony enthusiasts are familiar with the fact that it is difficult to get a red Peony that is a self-color—that is, a full, rich, even shade of red without being suffused with a shade of another color. Felix Crousse fills the bill. A rich, even, brilliant ruby-red, exceptionally fiery, bright and effective; very large, full, bell-shaped bloom. We place this in the front rank of all red Peonies—nothing like it in color. **50 cents.**
- 30—FESTIVA MAXIMA** (Mieliez, 1851)—This is not only the finest white in existence, but in most quarters it is regarded as the queen of all the Peonies. Mr. Harrisson says. "This flower has reached the ultimate beyond which we cannot go." It combines enormous size with wondrous beauty, often seven to eight inches in diameter; color snow-white, flecked with an occasional clear purple spot on edge of center petals; in addition, it is very fragrant; a glorious flower, impossible to describe; magnificent. **50 cents.**
- 38—FRAGRANS** (Sir Joseph Banks, 1805)—Soft delicate pink, interspersed with salmon; an exceedingly good, perfect bloom and a pretty flower; highly fragrant. **25 cents.**
- 104—FESTIVA** (Donkalaer, 1838)—Blooms of the largest size, double to the center. Color pure white, prominently flecked with crimson; about a week later than Festiva Maxima. Extra fine. **35 cents.**
- 4—FLORAL TREASURE** (Rosenfield, 1900)—Very large, full flowers of clear even pink, shading lighter at the center; a very delicate color and a most beautiful Peony. **50 cents.**
- 54—GERMAINE BIGOT** (Dessert, 1902)—Crown type; midseason. Form of bloom flat, very large and compact; color pale lilac-rose; guards pre-eminently splashed with crimson; a very fresh coloring; collar same color as guards; free bloomer, borne in clusters; strong, erect grower. We do not think there is a prettier Peony grown than this one. **\$1.50.**
- 9—GIGANTEA** (Caiot, 1860) (Syn. for Lamartine)—Gigantea describes the size of the flowers so well, which are of gigantic size; color the most exquisite shade of bright pink or lilac-rose. **75 cents.**
- 67—GOLDEN HARVEST** (Rosenfield, 1900)—Very striking variety, producing large tri-colored blooms, the guard petals being blushing-pink, with a distinct blushing-white color, and deepening to canary-yellow, a few of the center petals tipped and striped with light crimson. This Peony combines cream, gold, white, pink, salmon, peach and apricot, the total color effect of the flower creamy-pink; strong, delicate fragrance; a splendid bloomer; extra fine. **75 cents.**
- 80—GRANDIFLORA** (Richardson, 1883)—Its immense double flowers are borne in great profusion. Coming after every Peony in our collection has bloomed and gone. Color bright sea-shell pink. **\$1.00.**
- 3—HUMEL** (Anderson, 1810)—Very large, compact, pink flower with delicious cinnamon fragrance. **25 cents.**
- 46—JENNY LIND** (Parsons, 1860)—Large bloom on long stems, free bloomer, color deep pink with silvery reflex. A most striking variety. **60 cents.**
- 100—JAMES KELWAY** (Kelway, 1900)—Very large, double and full; color pure white, overlaid with delicate bridesmaid pink, tinged yellow at the base of the petals; a glorious flower of gigantic size. **\$1.00.**
- 28—IADY LEONORA BRAMWELL** (Verdier, 1854)—This is a charming large, full and exceedingly fragrant flower of perfect symmetrical form. The color is a delicate silvery-rose with lively pink center. **50 cents.**
- 103—LA TULIPE** (Calot, 1872)—Enormous flowers, delicate bluish-white, with pronounced stripes of carmine both on the face of the flower and on the bud before opening. Considered by all as a very choice variety; remains in bloom full two weeks. **60 cents.**
- 144—LA FRANCE** (Lemoine, 1901)—This Peony stands pre-eminently in a class by itself. The color is a La France pink, similar to the rose of that name, finishing a soft apple blossom pink that is indescribable, seeming to light up and glow. **\$7.50.**
- 159—LA PERLE** (Crousse, 1885)—Large, globular flowers; color white overlaid with lilac, blush center. **60 cents.**

- 149—**LA ROSIERE** (Crousse, 1888)—Blooms from two to five on a stem. Pure white, with golden-yellow center. 50 cents.
- 208—**LA TENDRESSE** (Crousse, 1896)—Very full, spreading flower of immense size in clusters; petals very thick and wax-like. Color creamy-white, changing to pure white; guards slightly splashed, center flecked crimson. Flecks are very prominent on some blooms, very slight on others; very free-flowering and fragrant. One of the very choicest. \$1.00.
- 27—**L'ECLETANTE** (Calot, 1860)—Flowers double and full; color deep brilliant velvety-crimson. Extra fine. 35 cents.
- 275—**L'INDISPENSABLE** (Origin unknown)—A huge ball of delicate baby pink, very double and blooming very late. This is often sold by some so-called Peony experts for Eugene Verdier. 35 cents.
- 190—**LAFAYETTE** (Dessert, 1904)—This is really a gorgeous variety that a page in this catalog would not suffice to tell of its wondrous beauty. The flowers last for fully two weeks and are of giant size. The petals are beautifully fringed, the color a lovely shade of salmon-pink with touches of heliotrope and a delicate tinting of cerise in the reflex. \$5.00.
- 135—**LINNE** (Verdier, 1860)—Rose type; midseason. Large, globular, compact bloom. Color tyrian-rose; guards slightly flecked with crimson; quite floriferous. A good variety. 60 cents.
- 168—**LIVINGSTONE** (Crousse, 1879)—Rose type; late. Very full imbricated bloom; both buds and flowers are large and beautiful. Color pale lilac-rose with sheen of silver; very free sure bloomer in clusters; upright, erect grower; fine cut-flower variety. One of the prize winners. 75 cents.
- 117—**LEVIAHAN** (Kelway, 1899)—This is a gigantic flower, having large petals double to the center. Color bright deep rose, a shade that is rather scarce in Peonies. 60 cents.
- 106—**MADAME BOLLET** (Calot, 1867)—Large, very double flowers; clear rose, with white reflex, liguinated with carmine; late bloomer. 25 cents.
- 138—**MADAME BUCQUET** (Dessert, 1888)—Semi-rose type; midseason. Very pretty, perfect shaped bud and flower. Color velvety-crimson, almost black, very rich and magnificent; very free. All who see it insist on having it. Very attractive, brilliant variety. 50 cents.
- 19—**MADAME CALOT** (Miellez, 1856)—This is the freest flowering of all Peonies. It is known in Holland as the Glory of Boskoop. Flesh white, shaded salmon; large convex flower, fine buds; extra for cut flowers. 25 cents.
- 16—**MADAME DE VERNEVILLE** (Crousse, 1885)—One of the most charming varieties on the market. Pure white, full and double. Extra. 35 cents.
- 7—**MADAME EMILE GALLE** (Crousse, 1881)—Rose type; late midseason. Large, double, cup-shaped, imbricated flowers; color delicate sea shell-pink with touches of heliotrope and lavender. This is probably the most ethereally beautiful of all Peonies; inexpressibly grand. Not a new Peony, but scarce and rare. 75 cents.
- 139—**MADAME EMILE LEMOINE** (Lemoine, 1899)—Enormous buds opening into extra large imbricated round flowers that completely hide the bush. Color glossy white. Covered with minute lilac dots. Extra fine. 50 cents.
- 136—**MADAME THOUVENIN** (Crousse, 1881)—Brilliant rosy-red, finished carmine and lilac. Grand. 25 cents.
- 18—**MADEMOISELLE ROUSSEAU** (Crousse, 1886)—Large, full, finely shaped flower; sulphur-white with delicate blush center; extra fine. A prominent Peony expert on seeing this superb variety said that not a root of it should be sold for less than three dollars each. 60 cents.
- 276—**MARGUERITE GERARD** (Crousse, 1892)—Color delicate hydrangea-pink, changing as the flower ages to creamy-white. Did you ever see a flower so sensational or beauty so radiant? 60 cents.
- 123—**MARIE** (Calot, 1868)—Color white, overlaid with lilac; guards flecked with crimson; fragrant. Extra. 35 cents.
- 31—**MARIE LEMOINE** (Calot, 1869)—Enormous sulphur-white, massive bloom, delicately shaded chamois, with narrow carmine edge; a sort the Peony enthusiast raves over, but is unfortunately very scarce. Without question the grandest of all white Peonies. You positively cannot afford to leave this variety out of your collection. It is a wonder. We have a fine stock. 35 cents.
- 246—**MASTERPIECE** (Kelway, 1895)—Semi-rose type; early. Brilliant tyrian-rose; free bloomer. A very distinct and beautiful variety. Fine, tall grower; fragrant. 75 cents.
- 35—**MEISSONIER** (Crousse, 1886)—Deep, dark, rich red. In the cut flower market it is known as the American Beauty Peony. Extra fine. 60 cents.
- 8—**MIREILLE** (Crousse, 1894)—The very largest of all white Peonies. Let it become well established before judging it. It is the only white Peony without markings, being a pure immaculate white. This Peony is so scarce and fine that we really are not anxious to sell it. 75 cents.
- 153—**MONSIEUR DUPONT** (Calot, 1872)—Very large, well built, cup-shaped bloom, ivory-white; center petals splashed with huge drops of lively carmine and lit up with golden stamens at base of petals. The carmine dots on Mons. Dupont are larger and more showy than on any other variety where such spots occur. A truly royal flower. 75 cents.
- 48—**MONSIEUR JULES ELIE** (Crousse, 1888)—Bomb type; early midseason. This is the king of all Peonies, and is without question M. Crousse's masterpiece. Immense globular, very full flowers. Color an ideal glossy lilac-pink, shading to deeper rose at the base, the entire flower overlaid with a sheen of silver that fairly shimmers in the sunlight. Monsieur Jules Elie is claimed by many to be the largest of all Peony flowers. On young, vigorous plants we have had flowers eight and nine inches through. In fact, they are so large and handsome that but few can realize they are Peony blooms on first seeing them. An unapproachable variety from any standpoint. When cut in the bud a good keeper, thus fine for cut flowers. Our planting comprises some twenty thousand plants of this grand Peony. Easily scores the six points of excellence. 75 cents.
- 152—**MODELE DE PERFECTION** (Crousse, 1875)—If Monsieur Crousse had never introduced but this one Peony it would have made his name famous in the flower world for all time. A very double flower of pronounced pyramidal shape; guards and collar light rose suffused with violet tints, with shades of flesh-pink, marbled and veined with bright rose, silver tipped. Indeed, by turning the flower before your eyes the prisms of its color flash like that of changeable silk. Extra. \$1.00.
- 30—**PRESIDENT TAFT** (Blaauw & Co., 1909)—Certainly a gorgeous, glorious flower, very large and double. Color delicate hydrangea-pink, sometimes with broad stripes of bright carmine. President Taft is a marvelous flower, both distinct and beautiful. \$1.50.
- 50—**PRINCESS BEATRICE** (Kelway, 1886)—Guards delicate lilac, crown of brilliant sea shell-pink; a glorious flower. 60 cents.
- 40—**QUEEN VICTORIA** (Whiteley, 1808)—Large, full, compact bloom; opens flesh-white, changing to pure white; center petals tipped with carmine spots; grand white Peony for any purpose. More of this is being planted for cut flowers than any other variety. 25 cts.
- 33—**REVEESIANA PLENA** (Origin unknown)—Rose type; midseason. A wonderful blooming Peony, of fine form and color, being a soft rosy-flesh. A very desirable flower. 25 cents.
- 165—**SARAH BERNHARDT, "The Divine Sarah"** (Lemoine, 1906)—Semi-rose type; late midseason. The strongest growing of Peonies without exception; flowers of remarkable size and freshness in huge clusters, full and double, of unusual perfection of form; extremely large petals that are imbricated, twisted and fimbriated; color apple blossom-pink, with each petal silver-tipped, giving the appearance of a distinct border of pure white; fragrance agreeable and penetrating; magnificent. Do not confound this with Dessert's Sarah Bernhardt. This is distinct from all other Peonies. Easily scores the six points of excellence. \$3.00.
- 171—**THERESE** (Dessert, 1904)—This is a queen amongst queens, a veritable belle. One enthusiast remarked upon seeing this flower that "There might be any number of regal beauties at court, but that there could only be one Belle and Therese was her name." Rich satiny-pink, with glossy reflex of enormous size. \$3.50.

Gentlemen:—Mrs. Dougherty has asked me to advise you that she has received her shipment of flowers, ordered from you some weeks previously. She was very much pleased at the character of plants which you sent her, and they were, in her opinion the finest she has ever seen, considering age. Each plant was a strong, stock, lusty fellow and gave every evidence of taking on life. She has had them in the ground for about a week now. You will probably recall that she has bought her flowers from you for a number of years, and each year she thinks you treat her just so much better, assuring a good order for the next year. She has remarked that everything she has ever bought from you was somewhat better than represented in your complete catalog. She will certainly be a customer whenever in the market for high grade flowers.

—D. O. C. DOUGHERTY, Kentucky, May 20, 1915.

Hardy Perennial Phlox

This is one of the most easily grown hardy perennials, and the large number of beautiful varieties now offered make it especially desirable. These noble flowers are not only beautiful as individuals, but the cheerful appearance of our gardens during the summer and autumn months is much indebted to them. They succeed in any position or soil, and can be used to advantage either as single specimens in the mixed border or as large clumps or beds on the lawn. To produce the best results, however, they should have a rich, deep and rather moist soil, and let each clump have a space of from two to three feet in which to develop. They will continue to thrive for several years with little attention, as is attested by the fine clumps about old homesteads. The ease with which they are cultivated, their entire hardiness and the extended time of blooming, combined with the varied and beautiful coloring, make them especially valuable for garden planting. The Perennial Phlox usually commence to bloom in early summer, and are brilliant with color until after several frosts have come. They are admirably adapted for cemetery planting, also for a low hedge or screen to hide old fences and unsightly objects. Do not fail to plant Phlox in the fall, any time from September until the ground is frozen. Price, 10 cents each; three for 25 cents; seven for 50 cents; fifteen for \$1.00. The entire set of thirty-one distinct standard varieties of Hardy Phlox for \$2.00.

Standard List of Phlox

ALCESTE—Deep violet, shading almost to blue.

ALHAMBRA—Rich mauve; distinct.

ATHIS—Deep, clear salmon. Some claim this to be the showiest variety in cultivation.

BERANGER—Ground cool white, delicately suffused with rosy-pink, and distinct eye of same color; exquisitely marked.

BEAUTY—Delicate silvery-pink; a most beautiful sort.

BRIDESMAID—Pure white, clear carmine eye; blooms in large round heads; attractive.

COQUELICOT—The finest and brightest red of all the Phlox; the color is a bright orange-scarlet.

DUGUESCLIN—Rosy-lilac, distinctly rayed with lighter halo.

ESCLARMONDE—Clear rosy-lilac, deeper eye, exquisitely rayed and shaded.

ECLAIREUR—Clear rosy-magenta with large lighter halo; large florets and magnificent bedder.

FRAU VON LOSSBURG—Pure snow-white.

HUXLEY—A rich lavender; color fine.

HENRY MURGER—Enormous pure white flowers, with very large, showy, deep carmine eye or center; fine florets and trusses; extra.

INDEPENDENCE—An excellent large-flowering early pure white; none better.

KOSSUTH—Rich deep purple. Extra fine.

LA VOGUE—A beautiful rose color with large eye of deeper rose color; very attractive.

LA PERLE DU NORD—Pure white, large, deep, distinct red eye; extra fine.

LE MAHDI—Dark violet-purple.

L'ESPÉRANCE—Clear rosy-lilac; large white eye distinctly rayed; large florets and an even bloomer.

LOTHAIR—Clear, even carmine, deep crimson eye.

MADAME P. LANGIER—Clear crimson, deeper eye; considered one of the best.

MISS LINGARD—Pearly-white flower, with a very faint pink eye; very remarkable bloomer, producing two to three crops of flowers during the season. Indispensable as a cut flower for florists' use.

MACULATA—Tall-growing, many-branched, pyramidal trusses of bright reddish, almost royal purple; the freest and showiest in permanent border; a grand acquisition to the hardy Phlox.

MRS. DWYER—Pure white with distinct red eye.

NIOBÉ—The deepest, darkest, richest colored of all Phlox —velvety-violet-red with crimson hues; grand trusses.

PEACIBLOW—Delicate peachblow-pink, shading to white; large trusses; elegant.

PRIME MINISTER—Deep carmine center, shading to white at the edges of petals; large trusses; free bloomer; exceptionally fine.

PANTHEON—Large, clear, deep, bright pink with faint halo; a charming variety.

Phlox Independence.

RUBUS—A parti-colored variety, rosy-red shading to white.

RICHARD WALLACE—Pure white, with violet-rose eye; large flowers in immense panicles. Too much cannot be said of this variety.

R. P. STRUTIERS—In our estimation the very best Phlox grown today—it has no faults. Color clear cherry-red, suffused with salmon shades; deep red eye; fine large truss. The color is so clear and clean that each individual floret stands out as distinct as a cameo.

New Varieties of Phlox

Some wonderful creations in these newest Phlox. They will certainly be a revelation to you. 20 cents each, any three for 50 cents; six for 85 cents. The entire ten new Phlox, \$1.25.

G. A. STROHLEIN—Orange-scarlet with bright carmine eye; extra large flowers in enormous trusses; a grand acquisition.

GENERAL VON HEUTSZE—Immense trusses of very large flowers; color of the most brilliant salmon-red, with white center; simply grand.

GRUPPENKONIGEN—Delicate pale rose-mauve with claret-red eye; extra fine.

INSPECTOR ELPEL—A startling variety; color deep salmon; florets extra size; will please everybody.

JULES CAMBON—Clear magenta with large distinct white star in center of each floret; superlatively rich and fine.

LE CYGNE—Large, fine florets and trusses of snow-white flowers, the best white.

RIYNSTROM—This new Phlox comes to us from Holland heralded as the best pink in existence, being a clear bright glossy pink.

SIEBOLD—Bright vermillion-red overlaid with orange-scarlet, crimson-red eye; will please everybody.

SELMA (Tower of Eiffel)—Florets of largest size; trusses immense bouquets in themselves; color deep salmon shaded mauve with claret-red eye; superb.

VON HOCHBERG—Extra large beautifully formed trusses of flowers. The ideal crimson Phlox, the richest of its color.

Beautiful House Ferns

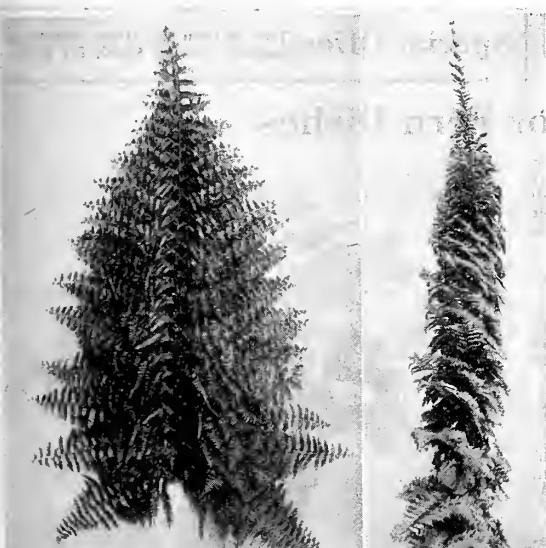

To Cheer Your Home During Winter

There are no plants grown that are more desirable for the house than the following fine decorative Ferns. They are easily grown, free from insects and disease, and thrive well in the ordinary temperature of the living room. See that the plants have plenty of drainage and are kept well watered; never let dry out for any length of time. Every one of these Nephrolepis Ferns is entirely distinct in every way. That we are headquarters for Ferns is evidenced by the choice assortment that we offer. No other firm offers so many distinct and choice varieties. Try us for Ferns.

THE "BIG FOUR FERN," *Nephrolepis Splendida*—This is the most wonderful Fern of them all; it originated with G. & R., and is now offered for the first time. It combines the good qualities of the four most popular sorts. It has the grace of a "Boston," the wavy effect of a "Roosevelt," the fluffy effect of an "Ostrich Plume," and the uniqueness of a "Fish Tail." Some fronds will be straight "Boston," others will be true "Roosevelt," in others the ends of the pinnae will be the feathery "Ostrich Plume," while in others the ends of the pinnae will be the genuine "Fish Tail." Then again some fronds will have in a marked degree all of these desirable traits, forming a combination without parallel among Ferns. It well deserves the name of "Big Four Fern." Everyone who sees it goes "daffy" about it. This is without question the most splendid of all the Nephrolepis. Be sure and try it. **Fine young plants, 15 cents; strong plants, 50 cents.**

THE "ROOSEVELT FERN," *Nephrolepis Roosevelti*—It is our good fortune and great pleasure to offer this wonderful new Fern, having introduced it in 1910. In this short time it stands second in popularity of all the Ferns, and will soon be more popular than even the old favorite Boston Fern. In general characteristics it resembles the world-famous Boston Fern, but it will sweep that Fern from the boards for two reasons; it produces many more fronds than the Boston, thus making a bushier, handsomer plant; then the pinnae are beautifully undulated, giving the "Roosevelt" a pronounced wavy effect seen in no other fern; as the plant ages this effect becomes quite distinct. A charming and most notable variety. **Fine young plants, 15 cents; strong plants 50 cents; extra strong plants, 75 cents.**

THE "PHILADELPHIA LACE FERN," *Nephrolepis Elegansissima*—The small size pinnae, or leaflets, are subdivided into perfect miniature fronds; the side pinnae stand at right angles to the midrib of the fronds, on edge instead of flat, giving both sides of the main frond the same beautiful appearance. It is impossible to conceive of the beauty and grace of this wonderful Fern from description. **Fine young plants, 15 cents; strong plants, 50 cents.**

Leaf of Baby's Breath Fern (Front and Side View).

THE "GOLD MEDAL FERN," *Nephrolepis Piersonii*—This Fern received a gold medal from the Society of American Florists and Ornamental Horticulturists, and is the only gold medal ever awarded by them for any plant whatsoever. An entirely new form of the Boston Fern. The pinnae subdivide, making miniature fronds which are superimposed on the main fronds, looking as if two or even three were condensed into one, giving the plant a graceful, feathery and plumy effect. **Fine young plants, 15 cents; strong plants, 40 cents.**

THE "CRESTED FERN," *Nephrolepis Scholzeli*—It is a sport from Scotti, possessing the merits of that most popular variety, but with the pinnae subdivided, giving it a fine crested appearance. The fronds, like in Scotti, stand erect, with a graceful arch, forming a plant of ideal shape, and they never break down, giving the plant a ragged appearance, as is so often the case with other plumed forms; furthermore, the loose, elegant arrangement of the fronds, allowing a free circulation of air through the foliage, prevents the center of even the largest specimen from becoming defective or yellow. The smallest salable plants perfectly express the type, and in every size are models of beauty for table decorations. **Fine young plants, 15 cents; large plants, 40 cents.**

THE "TEDDY JUNIOR FERN," *Nephrolepis Teddy Junior*—"Teddy Junior," the Fern for every household. This grand Fern was introduced the past spring by G. & R. It is a sport from the now famous "Roosevelt Fern," and while its habit of growth is to produce a shorter frond, it retains all the valuable characteristics of the parent plant. The fronds are broad and beautifully tapered from base to tip; they droop just enough to make a shapely, graceful plant, permitting it to finish with a fine full center and perfect symmetrical spread. The pinnae are distinctly undulated, giving the fronds an attractive wavy appearance, which adds materially to their charming decorative effect, and thin, scraggy foliage is never seen in this variety. "Teddy Junior" will produce about four times more fronds than any other Fern ever introduced, finishing with fifty to sixty fronds in a 4-inch pot, while 12 to 15 is the average number other varieties will produce in the same size pot. It is such a compact, vigorous grower that it will thrive under most adverse conditions, making an exceptionally rapid growth and producing a plant of rare beauty and perfection in the average dwelling house without special care or attention. Owing to its habit of producing the great quantity of massive foliage in small pots, this Fern makes the finest pedestal plant ever produced, and will prove indispensable for decorating dining room or library tables and numerous other places in the home where limited space will not permit using large pots or varieties with longer fronds. **Fine young plants, 20 cents; strong plants, 50 cents.**

THE "OSTRICH PLUME FERN," *Nephrolepis Whitmanii*—A great Fern. In fact, it is a plant that appeals to everyone, and on that account will prove a much more valuable and profitable plant than the Boston Fern, which has had the most phenomenal sale of any decorative plant that has ever been grown, but which cannot be compared to the Ostrich Fern for beauty and general effectiveness. Everyone who has seen it is charmed with it. As someone has expressed it, "There is nothing like the Ostrich Plume Fern in cultivation. In decorative effect it so far outdistances the original variety that there is positively no comparison to be made. We consider it the most valuable novelty that has been introduced in many, many years." It has taken gold medals wherever shown. **Fine young plants, 15 cents; strong plants, 50 cents.**

THE "NEWPORT FERN," *Nephrolepis Scotti*—Of much dwarfer and bushier growth than the Boston Fern. The fronds droop gracefully, and are not as long and heavy as the Boston. It is a rapid grower, and to see it in all stages of growth from a runner in the bench to a fourteen-inch pot specimen will convince you that it will be in great demand as a house Fern. This has always been a favorite variety. **Fine young plants, 15 cents; strong plants, 40 cents.**

Whitmanii Fern.

THE "FLUFFY RUFFLES FERN," *Nephrolepis Superbisima*—This new Fern is quite different from all other Ferns. Its distinguishing characteristics are its dark green foliage, darker than any other Fern, its dense growth, much more compact, and its irregular shaped fronds, which give it the name of "Fluffy Ruffles Fern." The fronds are very heavily imbricated, the pinnae overlapping and are so formed as to resemble miniature Ferns, giving it the appearance of a Fern within a Fern. The plant is very sturdy in its habit and the fronds firm and rigid, never break down, so that it will stand more knocking around than any other Fern. Fine young plants, 25 cents; strong plants, 60 cents.

THE "BABY'S BREATH FERN," *Nephrolepis Goodii*—This has the finest foliage of all the Ferns. It is so delicate that a lady on seeing it exclaimed, "Call it the Baby's Breath Fern, as it is so daintily in texture that a baby's breath would set its fluffy foliage in motion." The fronds are very fine and filmy, on which account it has been called by some the Lace Fern. It is an improved variety and the best of its type. Nothing is daintier or more exquisite than well-grown specimens in any size. Our reputation for it that no Fern in existence can compare with "Baby's Breath" in fluffiness. Fine young plants, 20 cents; strong plants, 50 cents.

THE "LONDON FERN," *Nephrolepis Todeaoides*—A feathery fronded variety similar to the Ostrich Plume variety, the fronds being more stiff and erect and the pinnae more finely divided. A fine Ostrich Plume sort, and we recommend it in all respects. Fine young plants, 15 cents; strong plants, 40 cents.

THE "FISH TAIL FERN," *Nephrolepis Davalloides Furcans*—This is a grand Fern entirely distinct from any of the other varieties of *Nephrolepis*. Throughout the South and especially at New Orleans this Fern takes precedence over all others. The ends of the pinnae are so formed as to resemble a fish tail, giving the fronds a crested appearance, very effective. It grows into the most shapely plant of any of the *Nephrolepis*. Grand for house culture. Fine young plants, 20 cents; strong plants, 50 cents.

THE "BOSTON FERN," *Nephrolepis Bostoniensis*—In the vicinity of Boston, no other plant is so extensively used as this graceful *Nephrolepis*, which differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. This drooping habit makes it an excellent plant to grow as a single specimen on a table or pedestal. This Fern should not be compared to the Ostrich Plume Fern, as they are of an entirely different growth; both have their place and both are beautiful and desirable. Fine young plants, 15 cents; strong plants, 40 cents; extra strong plants, 60 cents.

THE "TARRYTOWN FERN," *Nephrolepis Elegantissima Compacta*—The fronds are considerably shorter than those of *Elegantissima*, and throw a great many more crowns, making it a very bushy, compact, symmetrical plant. It forms a round mass of foliage that makes it particularly desirable and valuable. One of the really great Ferns. Fine young plants, 15 cents; strong plants, 40 cents.

THE "PARLORE FERN," *Nephrolepis Whitmanii Compacta*—This is a condensed form of the "Ostrich Plume Fern," with valuable characteristics added which are not evident in the parent, the pinnae subdividing, making miniature fronds which are superimposed on the main fronds, looking as if two or more were condensed into one. Graceful beyond description. Fine young plants, 15 cents; strong plants, 50 cents.

THE "OLD ORIGINAL SWORD FERN," *Nephrolepis Exaltata*—This is the "old original Sword Fern," the "daddy" of them all, the one plant from which all the *Nephrolepis* we offer sprang. It is entirely different from any of its progeny, having narrow fronds that are long and of very erect growth. For this reason it is more largely used as a centerpiece in vases than are any of its descendants. Fine young plants, 10 cents; strong plants, 35 cents.

Special Offer The sixteen beautiful Ferns as named, costing \$2.60, for \$2.25.

Dwarf Ferns for Fern Dishes

We have selected a few of the hardest and most satisfactory varieties for filling Fern dishes, than which there is no prettier table decoration. Price, 10 cents each, or we will send six distinct Dwarf Ferns for 50 cents. We have six other distinct Dwarf Ferns. We will send the twelve for 75 cents. These will make a fine full Fern dish for the table.

ADIANTUM FORMOSUM—The popular Maiden Hair Fern; very beautiful and graceful.

ASPIDIUM TSUSSIMENSE—The most valuable for Fern dishes; of strong, but dwarf and graceful habit, of good color and of the best keeping qualities. A clean, good grower, and very ornamental.

PTERIS ADANTOIDES—One of the finest Ferns. Has very decorative and handsome fronds.

CYRTOMIUM FALCATUM, or HOLLY FERN—A beautiful and rapidly growing Fern that succeeds exceedingly well, small plants making fine specimens in a short time. Fronds resemble branches of holly, from which it takes its name.

PTERIS CRETICA ALBO-LINEATA—A very pretty and useful variegated variety, with silver markings.

PTERIS WIMSETTI—A beautiful low-growing Fern, suitable for table dishes.

Cryptomium Falcatum—Holly Fern.

The Cream of the New Roses

We here offer what is good in the new Tea and Hybrid Tea Roses. To have what is good you must try these Roses. They are the best that England, France, Luxembourg, Germany, Ireland, Italy, Holland and America can produce.

ADMIRAL WARD (H. T.)—Vigorous, branching, erect growth. Large, glossy, bronzed foliage. Very large, full, globular flowers, freely and continuously produced. Color deep velvety crimson-red, shaded fiery-red. A grand garden Rose. 50 cents.

BRITISH QUEEN (H. T.)—We quote the introducer's description: "Experts who have seen British queen growing, agree that it is the finest white Rose in existence, surpassing in beauty and elegance of form all other white varieties. The freedom with which it blooms is remarkable. It is in flower from June until winter, and on well cultivated plants the blooms are a model of perfection. The type of flower is between White Maman Cochet and Frau Karl Druschki, with Tea Rose form and refinement; frequently in the bud state it shows a slight flush; this disappears as the flower opens into purest whiteness. It is a good grower and sweetly scented. Awarded a gold medal by the National Rose Society of England. Those who have had the pleasure to see this magnificent Rose blooming at Portsdown will never forget the sight. 20 cents each; 2-year plants, 50 cents."

CHERRY PAGE (H. T.)—Brilliant carmine-pink, suffused with golden-yellow at base of petals. Flowers very large, with very shapely buds. Very floriferous. A grand garden Rose. 50 cents.

CHRISSEY MACKELLAR (H. T.)—A gorgeously beautiful Rose, combining in charming combination the following tones, tints and colors: Crimson-carmine, deep rich ochre-y-madder, becoming a delicate but bright orangey-pink as the flower develops. It is one of the most delightfully color-toned Roses we have had the pleasure of seeing. It is strongly and deliciously pure primrose-tea scented. 20 cents; 2-year plants, 50 cents.

COLLEEN (H. T.)—Brilliant rose, shaded rose-pink with deeper rose-crimson veneering and distinct creamy-yellow ground, never fading until the petals drop. The flower is quite full, with enormous petals and high pointed center, forming the noblest and most remarkable flower among Roses. Very free-blooming and smooth. Gold medal Rose of the National Rose Society of England, 1913. 35 cents.

DORA (H. T.)—Large, full flowers of a beautiful peach blossom color, with deeper center, changing to silvery-blush as the flowers expand. Very free-flowering. A glorious Rose. Try it. 20 cents; 2-year plants, 50 cents.

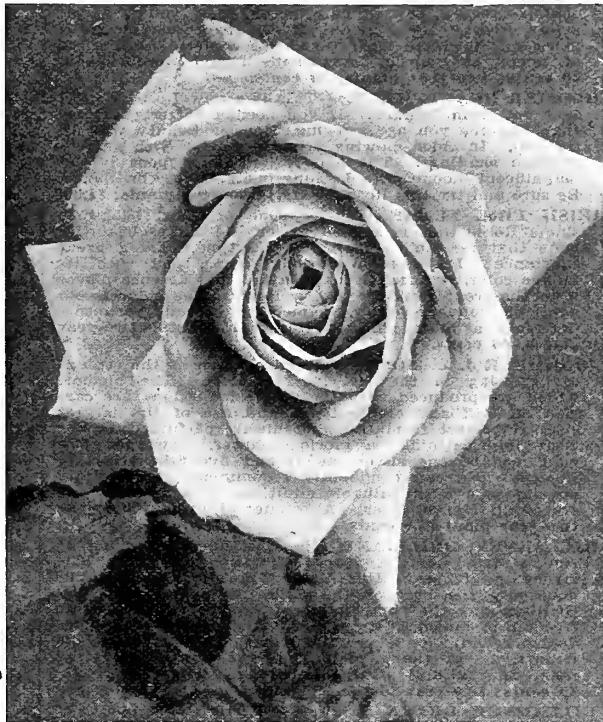

DUCHESS OF NORMANDY (H. T.)—Soft salmon-flesh overlaid with yellow. A grand Rose viewed from any standpoint. 20 cents; 2-year plants, 50 cents.

EARL OF GOSFORD (H. T.)—Color, dark crimson, heavily shaded after the style of Jubilee. A fine, strong grower; a Rose that will do particularly well in adverse climates; very fragrant and destined to become a very popular Rose. 20 cents; 2-year plants, 50 cents.

EDGAR M. BURNETT (H. T.)—Very large, full flowers of fine shape and form, with large flesh petals tinted rose. Said to be a great improvement on La France, and may be regarded as an advance on the type of Lady Alice Stanley; undoubtedly the sweetest scented Rose in existence. As a garden Rose unequalled. 50 cents.

EDWARD MAWLEY (H. T.)—By its marvelous outstanding qualities is now regarded by rosarians as the greatest advance and most wonderful Rose yet raised. We have no hesitancy in saying that it is the finest of all dark crimson Roses. A true perpetual-flowering Hybrid Tea and the most beautiful variety the Rose world has yet seen. This Rose was raised by McGredy, of Ireland, and named in honor of Edward Mawley, the eminent British rosarian. It received the much coveted gold medal of the National Rose Society of England. 20 cents; two-year plants, 40 cents.

EUGENE BOULLET (H. T.)—We were greatly pleased with the promise of this Rose last year, and are now fully decided as to its value as a red bedder. It is easily suited as to soil and position, and produces flowers in great abundance. The blooms are large and full, of substantial form and texture. We fully expect this variety to rank at the very top of red garden Roses for massing. Color deep crimson and carmine. A sheet of gorgeous color. 20 cents; two-year plants, 40 cents.

British Queen.

FARBENKONIGIN (*Queen of Colors*) (H. T.)—This is well named the Queen of Colors; our own personal opinion is that there is no finer Rose grown than this beautiful sort. It is large and full; color bright carmine and rosy crimson, overlaid with a satiny-silver sheen. Very floriferous. Simply grand. Here is another Rose that will bear an acquaintance. All Europe knows this Rose, while but few in America have even heard of it. 25 cents; two-year plants, 50 cents.

FRANCIS SCOTT KEY (H. T.)—It is very fitting that such a fine new Rose should be honored with the name of the author of the "Star Spangled Banner," and also that it should hail from Baltimore, one of whose forts was being assailed when the inspiration came to the author to write our national anthem. The flowers are from large to very large, with sixty or more petals opening to a high center. The color is a magnificent deep red rose. Wherever it has been staged this Rose has swept all competitors from the boards and secured every prize it has entered for. Grand for the garden. 35 cents; two-year plants, 60 cents.

GENERAL SUPERIOR ARNOLD JANSSEN (H. T.)—This is a fine new Rose by the same introducer as that of Jonkheer J. L. Mock and Mevrauw Dora Van Lets. It is now considered by many that Mock has that old time favorite, La France, bested. General Janssen is a wonderful Rose, the color being a deep, glowing, carmine or brightest red. Flowers of the largest size, full and fragrant. 20 cents; two-year plants, 50 cents.

HARRY KIRK (T.)—A splendid Rose, of most robust growth, with free-branching habit, flowering freely and continuously; the blooms are large, with large, smooth petals of great substance; the form is perfect, the buds long and elegant. Color, deep sulphur-yellow, passing to a lighter shade at the edges of the petals. Awarded a gold medal by the National Rose Society of England. This Rose is difficult to propagate, and will always, for this reason remain high in price, although when once rooted and established, is a good grower. 35 cents; two-year plants, 75 cents.

HELEN TAFT (H. T.)—A rich cerise-pink. Flower very large. A free bloomer and will become as famous as a bedding Rose as is the variety President Taft. Growth very strong. Keep your eye on this variety. 25 cents; two-year plants, 60 cents.

HERZOGIN MARIE ANTOINETTE (H. T.)—Very long buds of pure orange or old gold; very large flower of perfect form. Soupert & Notting, of the Grand Duchy of Luxembourg, say: "This is the finest yellow of all yellow Roses." Gold medal, M. Gladbach; certificate of merit of the German Nurserymen's Society; also prizes of honor at Leipsic, Sangerhausen and Zweibrucken. 20 cents; two-year plants, 50 cents.

HOOSIER BEAUTY (H. T.)—This is a new Rose of 1915, sent out from Indiana. If you need a better red Rose than the one you are growing, Hoosier Beauty will fill the bill. In color glowing crimson-scarlet with velvety crimson shadings. The bud is long and opens into a magnificent bloom quite dazzling in its velvety brilliancy. Be sure and try this Rose. 50 cents; two-year plants, \$1.00.

IRISH FIRE FLAME (H. T.)—One of Alex. Dickson's single Roses that is a good forcer. It makes beautiful buds that remain in shape a long time, having great substance. It comes with long stems, and with its unique color, it forms a combination that at once places it in the front rank of forcing Roses. The color is old gold or coppery-yellow, flamed with ruddy-crimson. Certainly a most glorious Rose. 15 cents; two-year plants, 50 cents.

JONKHEER J. L. MOCK—This grand Rose is the strongest growing in the Hybrid Tea class. The blooms, which are produced with the greatest freedom, are carried on stiff and erect stems, and are of the largest size, of perfect formation and highly perfumed. Color clear imperial-pink; a glorious flower. Awarded two gold medals, one silver medal and five first prizes in Europe. We can confidently recommend this sterling novelty as a most valuable addition. The largest flowers of all Hybrid Teas. A wonderful Rose. 20 cents; two-year plants, 50 cents.

KILLARNEY BRILLIANT—The introducers are to be congratulated sixteen years after the advent of Killarney in giving us this distinct novelty which is undoubtedly the best of the Killarney type. Killarney Brilliant has the same habit of growth and the same freedom of bloom as its parent, while the flower is more double. The color is very brilliant pink and varies like Killarney. In the garden in bright weather is clear pink, and in dull weather almost a crimson. Extra. 20 cents; two-year plants, 50 cents.

KILLARNEY QUEEN (H. T.)—A cerise-pink sport of Killarney that for clearness and brightness of color has not been equalled; exceptionally strong in growth, with foliage that is perfect, being larger than Killarney and more glossy. In size of petals Killarney Queen is larger than its parent, and for high grade bloom it is a very superior variety. Forces fine. 20 cents; two-year plants, 40 cents.

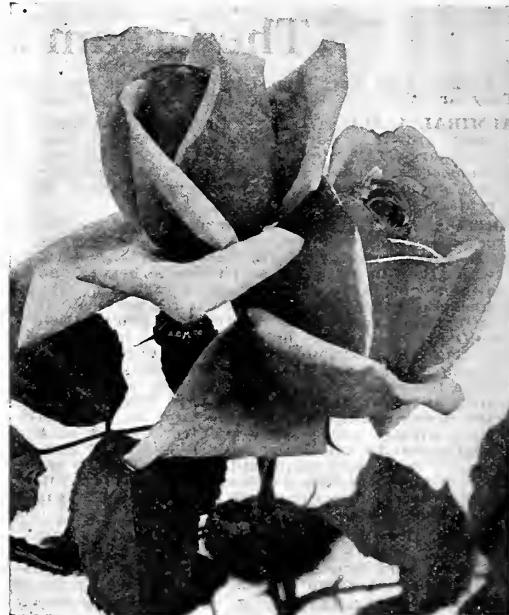

KING OF SIAM (H. T.)—Bright red, of fine form and of exquisite fragrance. Carried on long, stiff stems, growth very vigorous; hardy; very free and perpetual flowering. Fine all around Rose; none better. 20 cents; two-year plants, 50 cents.

LADY DUNLEATH (H. T.)—A Rose with long, pointed, chaste petals, an intermingling of deep ivory, creamy-white, with egg-yolk yellow zoned petals of extreme beauty. Intense but delicately and deliciously Persian tea fragrance. Especially valuable for garden decoration, being marvelously free and continuous blooming. 20 cents; two-year plants, 50 cents.

LADY GREENALL (H. T.)—Intense saffron-orange heavily zoned and overspread on deep creamy-white, reflex of petals faintly suffused delicate shell-pink; a truly magnificent Rose. 25 cents; two-year plants, 60 cents.

LADY HILLINGDON (Tea)—At the Detroit Rose show, this was awarded the sweepstakes over all yellow Roses. It has long, willowy stems that are in no sense weak, as the buds are held upright; has a long, slender, pointed bud of brilliant deep golden-yellow, and a striking peculiarity of this Rose was that each day of the show this golden-yellow color became deeper yellow and more intense, unlike all other yellow Roses with which we are familiar, as invariably the tendency after being cut is to get lighter in color. This Rose at no stage of its development shows this lighter color as does Sunburst and other of the yellow Roses, but is always an even, deep, intense golden-yellow; forces well. Awarded gold medal, N. R. S. 20 cents; two-year plants, 50 cents.

LADY MARY WARD (H. T.)—Rich orange, shaded deeper apricot-orange, with a decided metallic flush. Very free-flowering, with fine habit of growth. Sweetly perfumed, attractive and decorative. Gold medal, N. R. S. 20 cents; two-year plants, 50 cents.

Helen Tatt.

LADY KATHERINE ROSE (H. T.)—A direct cross between "Antoine Rivoire" and "La Fraicheur." The color of this Rose is of the same delicate pink as "La Fraicheur," with the same unique markings in the petals characteristic of this beautiful Rose, retaining the delicious scent. This variety was growing in the midst of known varieties during the summer, and several leading Rose growers who saw it blooming were quick to pick it out. 20 cents; two-year plants, 50 cents.

LADY PIRRIE (H. T.)—A delightful garden Rose, of very distinct coloring. Stands at the top of the "Fancy Roses." The outside petals are reddish-salmon; inside apricot, flushed fawn and copper. An ideal variety for bedding. Color, freedom of growth and abundance of bloom are bound to put this Rose in the very forefront of garden favorites. Awarded gold medal, N. R. S. 20 cents; two-year plants, 50 cents.

LADY PLYMOUTH (Tea)—The color is a pearly, delicate but deep ivory-cream, faintly flushed, giving it a most pleasant finish that is difficult to describe. Awarded gold medal, National Rose Society of England, and silver medal at Crystal Palace Show, London. 50 cents.

LUCIEN CHAURE (H. T.)—A beautiful bright pink, illuminated with clear rosy cream. Very large and of regular form. A fine garden Rose. 50 cents.

MABEL DREW (H. T.)—A truly magnificent Rose, superb in every respect; the blooms are large, full and symmetrical, the color is deep rich cream passing to intense canary-yellow. It has a deliciously refreshing perfume. Altogether a transcendently beautiful Rose. Awarded by a unanimous vote the gold medal of the National Rose Society. 25 cents; two-year plants, 50 cents.

MADAME CHARLES LUTAUD (H. T.)—A fine, vigorous grower, with erect, branching habit. Stems are almost thornless; foliage broad and nicely bronzed; bud very long and pointed, on long stems. The bloom is large and full. Color, rich chrome-yellow, with rosy-scarlet on the outer petals. Has Marquis Sinety blood, but very distinct from that variety. 25 cents; two-year plants, 60 cents.

MADAME EDMOND ROSTAND (H. T.)—Delightfully free. Strong grower, with but few thorns and small ones at that. Bud long and beautifully formed, opening into a surprisingly large, full flower with immense outer petals. Color, clear pink, with salmon shadings and reddish-orange center, every tint clear and beautiful. The finest of the "Antoine Rivoire" type on account of its brilliant coloring. A grandly beautiful Rose. 25 cents; two-year plants, 60 cents.

MARIE ADELAIDE, GRAND DUCHESS OF LUXEMBOURG (H. T.)—Flowers of a marvelously constant deep orange-yellow coloring. Elegant form, borne on erect stems; deliciously perfumed. This is a most superb Rose. Awarded gold medal at Nancy, 1912. Extra fine. 20 cents; two-year plants, 50 cents.

MADÉMOISELLE BLANCHE MARTIGNAT (Tea)—Like so many of the good continental Roses, we just happened to have the good luck to run onto this superior Rose by chance. Why it has been neglected so long is beyond our comprehension. The only solution to the question, "lost in the shuffle," is probably the appropriate answer. Growth free and the foliage is quite distinct, both in shape and color. The shape is extremely long and pointed. It has a distinct light silvery color. The flowers are beautiful peach-pink, with tints of yellow and crimson, the same colors as seen in the Aurora Borealis. 20 cents; two-year plants, 50 cents.

MADAME RAVARY (H. T.)—Not a new Rose, but not largely disseminated in this country. It is probable that more of this yellow Rose is planted in England, Ireland and the Continent than all other yellows combined. In growth and habit it is much like Madame Caroline Testout, and will always command a good price, being difficult to propagate. Long, pointed buds of beautiful golden-yellow, opening to large, full, orange-yellow flowers. Very free-flowering; superb. 25 cents; two-year plants, 60 cents.

MADISON (Tea)—This is the "money maker" among the cut flower Roses, and is a greatly improved Bride, and when we say improvement, we mean a genuine improvement. The best feature of Madison is that the foliage does not mildew. All know how badly the Bride mildews. Well, Madison is mildew-proof. Then, after being planted and well established, Madison will cut as many flowers as Killarney, cutting steady each month in the year. Madison is a grand addition to our list of forcing Roses. Remember, that "Madison" is the money maker. 20 cents; two-year plants, 50 cents.

MARQUIS DE SINETY (H. T.)—Not a new Rose, but will always be scarce as it is difficult to propagate but easy to grow after it is rooted. Deep golden-yellow, shaded bronzy-red; large, full and very fine. 50 cents.

MEVROUW DORA VAN TETS (H. T.)—A chaste Rose of great beauty. Perfect habit of growth, every shoot producing a bloom a veritable pearl for garden decoration. The color is a deep glowing crimson; a flower you want to linger with, and which you visit again and again. This is another most valuable garden Rose sent out by that painstaking Dutchman, M. Leenders, of Stell-Tegelen, who has already enriched for all time our gardens with the grand varieties "Jonkheer J. L. Mock," "Gartendirektor Hartrath," and "General Superior Arnold Janssen." Your friends will make no mistake in planting this Rose. 20 cents; two-year plants, 50 cents.

MIL-LADY (H. T.)—A rich crimson Rose. Flower of large size and very double; splendid form and very fragrant. Extra fine. 25 cents; two-year plants, 50 cents.

MILDRED GRANT (H. T.)—Ivory-white, with an occasional flush of pale peach. High pointed center, with unusually large and massive petals, opening to perfectly formed flowers of enormous size and substance. Awarded the gold medal of N. R. S. We are the only firm in the United States offering this Rose on its own roots in young plants. It is a grand Rose. 50 cents.

MRS. ANDREW CARNegie (H. T.)—Sent out by James Cocker & Sons, of Aberdeen, Scotland. This Rose is an epoch-making flower, as an old Kentish grower put it, "a nailer." At the stand where Mrs. Andrew Carnegie was shown there was a big crowd around it all the time the show was open. Queen Alexandra admired it as she passed through the show in the morning before the great rush of the afternoon. One enthusiast describes it as having "lit up the whole show." With its handsome shape and delicious fragrance it combines a color that entrances. Pale lemon-yellow at base of the petals, shading to pure white. Won the gold medal N. R. S. 25 cents; two-year plants, 60 cents.

MRS. CAMPBELL HALL (H. T.)—Delicate creamy-buff, edged and suffused with carmine-rose. The center of the bloom is warm cerise coral-fawn. 50 cents.

MRS. CHARLES RUSSELL (H. T.)—This wonderful new Rose has taken the country by storm, no other forcing Rose except American Beauty can compete with it in points. Color, a grand rosy-red or deep pink, of the largest size. 25 cents; two-year plants, 50 cents.

MRS. FORDE (H. T.)—A magnificent and exquisite Rose, whose large blooms, on erect flower stalks, are of perfect form and finish, with daintiest colorings, which are certainly unique among Roses, being stained or flushed purest deep carmine-rose and delicate rose-pink, with a zone of clear chrome-yellow at the base of each petal; refreshingly fragrant, being delightfully and distinctly tangerine-rose perfume. Awarded gold medal by N. R. S. 20 cents; two-year plants, 50 cents.

MRS. FRANK BRAY (H. T.)—This is claimed to be a great advance on the lovely and justly esteemed "Mme. Ravary," which until now has been the best of its color amongst the decorative or garden varieties. "Mrs. Frank Bray" during its several years' trial preceding its introduction, has proven immensely superior to its prototype, not only in vigorous growth but also in color, which is a deep, rich, coppery-ecru, developing as the flower opens to a very delicate coppery-fawn, with shading of ivory shell-pink. 25 cents; two-year plants, 60 cents.

MRS. F. F. THOMPSON (H. T.)—The color is a lovely shade of shell-pink with a deep, glowing heart of bright pink which lights up the flower wonderfully. A persistent bloomer and therefore an invaluable garden Rose. 35 cents.

MRS. FREDERICK W. VANDERBILT (H. T.)—Deep orange-red shaded with bronzy apricot-red; growth vigorous and very free-flowering; blooms large, of good habit and substance; a most wonderful Rose. Gold medal N. R. S. 35 cents; two-year plants, 60 cents.

MRS. GEORGE SHAWYER (Tea)—This Rose promises good things in its color and class. The color is a lovely bright shade of pink. A valuable Rose which has proven fine for forcing. It has all the ear-marks of a fine bedder. From the raisers of Lady Hillington. 25 cents; two-year plants, 50 cents.

MRS. GORDON SLOANE (H. T.)—Pearly flesh-white, which as the flower develops becomes a delicate coppery shrimp-pink in the center with creamy outer petals; reverse of petals electric-copper on pure deep salmon-pink. The blooms are produced in marvelous profusion; has a delicious fruit perfume. A truly charming Rose. 20 cents; two-year plants, 50 cents.

MRS. MOREFIELD STORY (H. T.)—This Rose is introduced to the Rose growers of the world by the famous Waban Rose Conservatories of Massachusetts. The color is shell-pink, deepening towards the center and tipped rose. Very handsome. 35 cents.

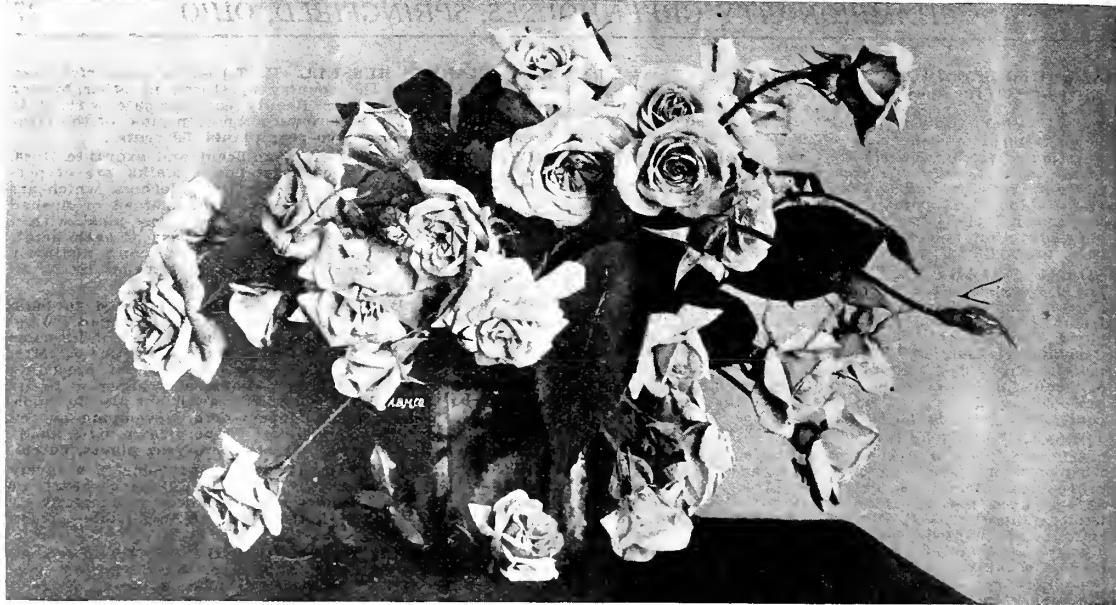

MRS. MUIR MACKEAN (H. T.)—This is a Rose of very special merit. In all the range of colors among Hybrid Teas it stands unique and quite distinct; bright carmine-crimson, without shading. A grand, bold, well-built flower, perfect in shape and form; of the most modern type. Extra perpetual flowering. Everything about this Rose is pleasing and attractive; fragrant. 20 cents; two-year plants, 40 cents.

MRS. SAM ROSS (H. T.)—Very large full flowers. Petals are large, smooth, shell-shaped and slightly cupped, beautifully reflexed at edges. A flower of largest size and great refinement. A novel and uncommon shade of color, at once distinct and pleasing, but difficult to describe. It may be said to shade from pale straw color to light chamois-yellow, with a distinct flush of buff on the reverse of the petals. Very sweetly scented. Awarded the gold medal of the National Rose Society, Regent's Park, London, July 7, 1911. 25 cents; two-year plants, 50 cents.

NERISSA (H. T.)—This Rose was given an award of merit from the Royal Horticultural Society of England. Why they did not give it a gold medal is beyond our ken. An enormously large, full flower, of fine shape, making a magnificent effect in the garden. Growth vigorous. This is a great Rose. 20 cents; two-year plants, 50 cents.

Mrs. Campbell Hall.

The Wonderful New Rose, Ophelia.

NIPHETOS (Tea)—We wonder how many rose growers remember this old Rose. We have been five years trying to get a stock of it; everyone would say, "Just sold out." It has the longest bud of any Rose barring none. The color is snow-white, flushed with delicate pink. 35 cents.

OLD GOLD (H. T.)—Vivid reddish-orange with rich coppery-red and apricot shadings. A true old gold color which is a unique color amongst Roses. A continuous free bloomer. Very sweetly fragrant. Gold medal National Rose Society. 25 cents; two-year plants, 60 cents.

OPIHELIA (H. T.)—When Ophelia was sent out on its message of Rose beauty to entrance the world, there was placed a tablet in the hall of Rose fame to Wm. Paul & Son that will grow brighter as the flight of time goes on. Its lustre will never tarnish or grow dim. A more enduring memorial than anything else in the world can give. Think what joy and happiness, yea, peace, this Rose will produce as the ages go by, and how modest Mr. Paul & Son were in their description, which we give verbatim: "Salmon-flesh, shaded with rose; large, and of perfect shape; of excellent habit, the flowers standing up well on long, stiff stems and produced in great profusion. Excellent for forcing and a fine decorative variety. Growth vigorous." Certainly a glorious Rose. Be sure to have "Ophelia" fixed in your memory. 25 cents; two-year plants, 60 cents.

PRIMEROSE (H. T.)—Melon-yellow during spring and summer, deeper in autumn, with apricot shadings; a most distinct coloring; large, double, of perfect form, with long, pointed buds; deliciously fragrant. Magnificent bedding Rose. Unsurpassed. 20 cents; two-year plants, 50 cents.

PRINCE ENGLEBERT CHARLES DE ARENBERG (H. T.)—Without doubt the most promising red forcing Rose in sight, a grand Rose of vigorous growth and freedom of bloom unapproached in any other variety; buds perfectly formed, developing into a perfect open flower of ideal form; no deformed buds. The color is a clear and lively red without tone of purple that kills all the

other red forcers. The color is most pleasing and under artificial light wonderfully brilliant. Growers will make no mistake in planting this Rose heavily. 25 cents; two-year plants, 60 cents.

QUEEN MARY (H. T.)—A uniquely beautiful Rose which enthuses the hearts of all who see it and ever holds them in its lovely sway. Its pure rich colorings, which are zoned deep, bright canary-yellow, on plenteous well-shaped petals which are crayoned with pure deep carmine. This extra touch of color gives a gloriously warm effect as the yellow and carmine do not commingle, the petals are arranged in tip-tilted globular formation. It is most floriferous and fragrantly primrose-tea perfumed. Awarded silver cup Festival of the Empire, Crystal Palace, London, and silver gilt medal N. R. S. 25 cents; two-year plants, 60 cents.

SEABIRD (H. T.)—A delightful garden Rose with vigorous free-branching growth, flowering freely and continuously on long, upright stems. Flowers of medium to large size, of fine form and good substance. Color clear primrose-yellow, paling with age to creamy-yellow. A splendid bedding Rose and altogether a grand variety. 20 cents; two-year plants, 50 cents.

SUNBURST (H. T.)—This magnificent giant yellow Rose is a fine forcer; it stands head and shoulders above all others of its color and will rank with American Beauty and the Killarneys in value and grandeur. It has long, pointed buds which can be cut tight for market. The color is orange-copper or golden-orange and golden-yellow; edge of petals lighter; all intense shades, extremely brilliant in effect. Some call the color cadmium-yellow. It makes no difference what you call its color, it is the yellowest of all Roses in the everblooming class. Belongs in the class of big Roses; has created a sensation wherever shown. Yes, and something more must be said about this Rose. It puts all the yellows to sleep when it comes to bedding in the garden. The golden-yellow color stays right with the flower until it fully finishes. Better get acquainted with "Sunburst." 25 cents; two-year plants, 50 cents.

"Home" Collection of Ever-Blooming Roses

ALL BEST KINDS.

PRICE FOR COLLECTION OF CHOICE "HOME" ROSES, ONLY 50 CENTS.

We have made a selection of the very best Roses for winter blooming, embracing a wide range of color. We can recommend this collection to all who desire to grow Roses in the house during winter. Equally good for planting in the garden.

SAFRANO—The old standby for a winter bloomer; lovely saffron-colored buds of the most delicious fragrance.

PAPA GONTIER—Deep red, very free and sweet.

BRIDESMAID—This is a fit companion for the Bride. It is also planted by the millions for winter blooming. The best deep pink Rose for this purpose.

Remember this entire collection of six "Home" Roses for only 50 cents; per single plant, 10 cents. These six "Home" Roses in two-year-old size for only \$1.25, or 25 cents each.

BON SILENE—Deep rose, illumined with bright red; a grand winter bloomer; very sweet.

THE BRIDE—Best winter blooming white Rose; planted by the millions by growers of cut flowers; none finer.

ISABELLA SPRUNT—Flowers freely during the winter; flowers of the richest yellow color.

The "Excelsior" List of Everblooming Roses

—New and Choice—for Outdoor Planting or House Culture

Price, 10 cents each; three for 25 cents; any seven of your own selection for 50 cents; any fifteen for \$1.00. If you leave the selection of the varieties to us, we will send nine for 50 cents, or twenty for \$1.00. Large two-year-old Roses from this list, 25 cents each, or five for \$1.00.

For general planting, more especially in open ground, this class excels all others. One-year-old plants, such as we send by mail, bloom the first and each succeeding year from early spring until severe frosts. Two-year-old plants, of course, yield a greater profusion of flowers, owing to their size. The flowers are noted for their exquisite coloring and delightful fragrance; hardy everywhere in open ground with protection of litter, leaves, evergreen boughs or similar materials. Plant liberally of one-year-old Roses; the harvest of bloom they give the first year compensates for the trifling outlay. Anyone can succeed with them.

"Giant" Collection

OF TWO-YEAR-OLD ROSES FOR IMMEDIATE EFFECT

These large Roses have become so popular among our customers that we devote a great deal of room to them, growing them in constantly increasing number. This fall we have a heavy stock and offer many thousand bushes at the very low figures given. We can usually furnish all the varieties enumerated in the catalogue. These bushes are two years old, strong and healthy. They make, of course, more of an appearance from the first than does the small-

er stock, having practically a year the advantage in all respects—an advantage for which we find many persons willing to incur the additional expense. We advise all of our friends to order at least a part of their Roses in this large two-year-old size. Plant them this fall.

GIANT COLLECTION—Four two-year-old everblooming Tea Roses, our selection, sent by mail, all different colors, for 60 cents.

"Famous" Rose Collection for Fall Planting

WE GUARANTEE THAT NO BETTER TWELVE ROSES FOR THE GARDEN WERE EVER OFFERED THAN THIS "FAMOUS" COLLECTION. TRY THEM. Price, 10 cents each; any six for 50 cents; the entire twelve for 90 cents; two-year-old plants, 25 cents each; any six for \$1.25; the entire twelve for \$2.25.

ANTOINE RIVOIRE—This is the famous Mrs. Taft Rose of the fashionable Eastern markets. This Rose is in a class by itself; no Rose ever produced has such substance of petal; color creamy-white with rainbow tints; a beauty and a wonder.

BESSIE BROWN—A Rose of transcendent beauty; of the largest size; color pearl-white with a delicate tinge of fawn.

ETOILE DE FRANCE—For the best red garden Rose it lies between this one, Rhea Reid and Helen Gould. Some say one and some say the other.

ETOILE DE LYON—Still the best large golden-yellow Rose.

HELEN GOOD (The Beauty Cochet)—What the introducers say: "This is a true Cochet Rose, and after two year's trial in the garden we pronounce it as good if not better than any Rose for the garden ever sent out. We bought the entire stock of this Rose, paying \$1,000 for two plants, this being by far the highest recorded price ever paid for any Rose. The color is a delicate yellow, suffused with pink, each petal edged deeper, very chaste and beautiful. The color, with its immense size and exquisite form, makes it without question the greatest Tea Rose ever introduced, and we are proud to have brought it out."

HELEN GOULD—A rich red Rose that is a great bloomer; the shade of red has been described best as a water-melon-red; elegant.

KAI SERIN AUGUSTA VICTORIA—A grand white garden Rose that has stood the test of time. Full and double; fine buds and flowers.

LA FRANCE—This is claimed by many to be the queen of all the Roses; bright silvery-pink.

MAMAN COCHET (The Queen of All Garden Roses)—

Such beauty and exquisite form as is possessed by this variety is well-nigh marvelous, and cannot be seen in any other Rose we know of. The buds are beautiful, large, full and firm and elegantly pointed; as they expand they show great depth and richness, sometimes measuring two and a half inches from base to tip. Flowers superb when open, extra large, perfectly double and of splendid substance. Small pot plants will in the open ground quickly make large, strong bushes and produce, on long, stiff stems, great numbers of perfect flowers that are enchanting in fragrance and delicate brightness. The color is rich, clear pink, changing to a silvery-rose. As we see it, one good Rose like any of the Cochet Roses is worth a whole collection of poor ones at any price.

SOUVENIR DE PRES. CARNOT—A grand Rose of the largest size; the color a delicate fawn or salmon; extra fine.

WHITE MAMAN COCHET (No Finer Rose Than This)—This Rose attracted our attention from the very first time we ever saw it in flower. It is of the largest size, and as you will notice, the flower is built up, or rounded, and very double. The color is a pure snow-white. Sometimes outdoors it is tinged pink, which only adds to its great beauty. No Rose surpasses it in vigorous growth and in the immense size of its buds and flowers—indeed, nothing in the Tea family approaches it in size. Deliciously fragrant.

WM. R. SMITH—This Rose has several names, such as Charles Dingee, Jeanette Heller, Maiden's Blush, etc. Color delicate blush. It has no superior as a garden Rose.

Climbing Tea and Noisette Roses

This class includes some of our most beautiful and valuable Roses. They are unusually free and continuous bloomers, producing flowers of rare and striking beauty. As they are all climbers, they should be placed near porches, pillars or trellises, where they have support. They are hardy and any seven for 50 cents. Price of large two-year-old plants of

CLIMBING WHITE MAMAN COCHET—This is a climbing form of White Cochet. Same flowers, same color; nothing beats it. 15 cents.

PINK PEARL—A fine Climbing Rose. Color a beautiful shell-pink enlivened with salmon. 25 cents.

Our Best Rose Collection—Eighteen Ever-blooming Tea Roses, \$1.00

POSTAGE PREPAID

They will delight you with exquisite and abundant bloom. This offer cannot be excelled either in quantity or quality. This collection is strictly of our own selection, and we guarantee them to be well rooted, to reach you in good condition, and be a fine assortment of colors, all correctly labeled. This offer is only made to induce you to give us a trial, and it will be to our interest to send only a fine assortment of good Roses, well rooted, that are sure to bloom freely the first year. Try them this fall.

Polyantha, or Baby Rambler Roses

A class of miniature Roses derived from the Climbing Polyantha. They are of dwarf habit and bloom so freely as to cover the entire plant with bloom all through summer and fall. The plants are splendid for bedding, or as edgings for borders they are hardy. Let us tell you something about these miniature Roses. While Europe has appreciated these Roses for years, America is just beginning to wake up to the fact that they have come to stay, and anyone who attempts to handle Roses without including this class will bump into something real hard. They are useful, either pot grown or for bedding purposes or for hedge effects. 10 cents each; three for 25 cents; two-year plants, 35 cents each.

ANNA MULLER—The pink Baby Rambler; always in bloom.

BABY RAMBLER—Completely hides itself all summer; bright red.

BABY TAUSENDSCHOEN—Its flowers are large and so much like Tausendschoen that it has been rechristened "Baby Tausendschoen." It is a bush form of the "Climbing Tausendschoen" or "Thousand Beauties," having all the charm in the variable coloring in its flowers that its parent has, being firm white, delicately flushed pink, changing to deep rosy-carmine. This is a splendid Rose. Try it.

CATHERINE ZEIMET—The White Baby Rambler; extra.

CORONET—Yellow, shaded with rose.

ELLEN POULSON—Dark brilliant pink; fragrant; fine.

ERNA TESCHENDORFF—A sport from "Madame Norbert Levavasseur" which it resembles with regard to habit of growth and foliage, etc. The flowers are of a deep crimson color, flushed with carmine, resembling the dazzling color of "Gruss an Teplitz." This variety does not lose its color in the hottest sun and has no purple shades. It has received many awards on the continent, and is said to be the darkest Polyantha in existence. It is much sought after in America to bloom in pots during the winter and for Easter time.

JESSIE—Bright cherry-crimson. Superb.

LE PONCEAU—Dark red in large clusters.

MADEMOISELLE CECILE BRUNNER—This is the popular Baby Pink Rose. In the past year or two this Rose has fairly jumped into popularity. It always was a popular outdoor Rose on the Pacific Coast, but recently even in the effete East and everywhere in America they

are planting it simply by the thousands for cut flowers. It has become quite the rage. It makes a handsome miniature Rose, coming in sprays of three to five buds, and combines in beautiful effect with so many other flowers in all kinds of floral work. It is a very prolific bloomer and if carefully protected in the winter should be a money-maker, both outdoors and under glass. The bud and flower are both handsome. Color blush, shaded light salmon-pink; distinct and desirable.

MARIE PAVIE—Elegant white flushed with pink.

MRS. WM. H. CUTBUSH—Flowers the delicate pink of Dorothy Perkins.

ORLEANS—The showiest and prettiest of all the Baby Ramblers. This charming and dainty Rose is of beautiful rounded habit and is a huge bouquet of deep cerise or Germania-pink with distinct showy center of pure white; florets not crowded but of beautiful arrangement, making as a whole a charming combination that cannot be beaten. The color is irresistible. The plant grows like a weed and the flowers are nearly "immortelle" in their lasting qualities. We believe that they will outlast almost any other Rose in existence with their stiff paper-like texture. This pretty Rose has taken Europe by storm and will make a sensation as soon as known in this country. Awarded gold medal.

PACQUERETTE—Pure white, perfectly double.

PERLE D'OR—Coppery-orange, changing to fawn.

PRIMULA—The finest of all pink Polyanthas.

PRINCESS MARIE ADELAIDE—Completely hides itself with its beautiful deep pink flowers.

SCHNEEWITCHEN—This is the famous "Snow White," a profuse bloomer, pure white, in clusters.

New Polyantha, or Baby Rambler Roses

AGATHE—Orange-yellow, suffused saffron. 20 cents.

BABY ELEGANCE—An elegant new "Baby Rose." Has single flowers of a beautiful lilac-rose color shading to Irish Elegance-yellow. Long stem and free bloomer. 20 cents; two-year plants, 40 cents.

BONNIE BELLE—Enormous trusses of dark cherry-red flowers. Unusually long buds for a Polyantha. Worthy of trial. 20 cents; two-year plants, 40 cents.

BETSY VAN NES—Color a bright pure red without any other markings or shades; has very double flowers. It was awarded the prize of honor at the great Rose show in Boskoop, Holland, July, 1913. 25 cents.

DEWDROP—Cherry-red; lasts a long time; grows easy. A very double Rose. 20 cents; two-year plants, 40 cents.

GEORGE ELGER—Orange-yellow buds opening to a deep golden-yellow; growth upright. Very free-flowering. Fine for massing and pot culture. This is the first yellow Polyantha and should become as famous as Mlle. Cecile Brunner. 25 cents; two-year plants, 50 cents.

GLOIRE DES MARCHES—This beautiful bright red Rose simply hides itself with its huge clusters of blossoms. Great. 20 cents; two-year plants, 40 cents.

MEADOW SWEET—Salmon-rose, streaked with flashy orange threads; semi-double. Very fragrant. 20 cents; two-year plants, 40 cents.

MAMAN TURBAT—This wonderful new Rose bears gigantic trusses of from thirty to fifty flowers. The color is an enchantress-pink with golden-yellow shades. 25 cents.

PEACH BLOSSOM—A strong, upright-growing Polyantha bearing well formed double flowers. Very large clusters with 100 to 150 buds and flowers of exquisite peach-blossom pink. 25 cents.

RODHATTE (Little Red Riding Hood)—Clear cherry-red, shaded deep crimson, with a lustrous finish, comes in immense clusters. Very vigorous and free-flowering. Fine for massing. The growth resembles the Hybrid Teas. 20 cents; two-year plants, 40 cents.

Standard Varieties of Hybrid Perpetual Roses—Hardy Everywhere

Price, 15 cents each; four for 50 cents; ten for \$1.00

ALFRED COLOMB—Bright red; globular; free.

ANNA DE DIESTBACH (Glory of Paris)—A lovely carnine-rose.

AVOCA—Deep crimson-scarlet; buds long and pointed.

The New Hardy Climbing Roses

AMERICAN PILLAR—A single-flowering variety of great beauty, which appeals to everyone. The flowers are of enormous size, three to four inches across, of a lovely shade of apple-blossom pink, with a clear white eye and cluster of yellow stamens. These flowers are borne in immense bunches, and a large plant in full bloom is a sight not easily forgotten. They last in perfection a long time, and are followed by brilliant red hips or berries, which are carried late into the winter; and as the plant frequently retains its lovely green foliage until the end of November, it forms a beautiful decorative subject throughout the autumn months. 20 cents; two-year plants, 50 cents.

CHRISTINE WRIGHT, or PINK CLIMBING AMERICAN BEAUTY—This is identical with the Red Climbing American Beauty described next below this variety; flowers four inches in diameter; color bright clear pink; immense. Try it; a fine companion for Climbing American Beauty. 25 cents; two-year plants, 60 cents.

CLIMBING AMERICAN BEAUTY—Same color, size and fragrance as American Beauty, with the addition of the climbing habit. Good foliage, and better blooming qualities. One plant of this new Rose will produce twenty times as many flowers in June as the old American Beauty, besides blooming occasionally during the summer. Blooms three to four inches across; has proved perfectly hardy and stands heat and drought as well as any Rose in our collection. This Rose has already made its mark, and wherever it has been planted it has pleased until today we sell it by the tens of thousands. 20 cents; two-year plants, 40 cents.

GARDENIA (The Hardy Marechal Niel)—This grand Rose has proven itself hardy in Virginia and Tennessee. It is a deep golden-yellow of the largest size. 50 cents each; two-year plants, \$1.00.

HIAWATHA—There is no other Rose so brilliant as Hiawatha. It must be seen to be appreciated. Its flowers are about one and one-half inches across, and produced in long, pendulous sprays, with frequently from forty to fifty flowers on a spray. In color it is brilliant ruby-carmine, with a clear white eye and a mass of golden stamens—a glowing combination of colors, which can be seen at a great distance, and which does not tire the eye as do masses of Crimson Rambler. The plant is of strong, vigorous growth, with bright green, glossy foliage, which is retained until late in fall. 20 cents each; two-year plants, 40 cents.

RED DOROTHY PERKINS, or EXCELSA—It is a good deal to claim for a Rose, but we are within bounds when we describe Excelsa as a brilliant Crimson Rambler flower on glossy, varnished Wichuraiana foliage. The defects of Crimson Rambler are its unsightly foliage in unseasonable weather, and its defoliation by insects; the infusion of Wichuraiana blood assures an ornamental climber which is nearly evergreen, and this will assure this lovely crimson-scarlet pillar Rose a place in every American garden, for it is quite hardy in addition to all its other fine points. The flowers are very double, produced in large trusses of thirty to forty, and almost every eye on a shoot produces large clusters of flowers. The color is intense crimson-maroon, the tips of the petals tinged with scarlet. The finest of all red climbing Roses. 25 cents; two-year plants, 40 cents.

SILVER MOON—Flowers very large, four and one-half inches and over in diameter; pure white in color; petals of great substance, beautifully cupped, forming a Clematis-like flower. The large disc of yellow stamens in the center adds decidedly to its attractiveness; delicately scented. 25 cents; two-year plants, 40 cents.

SHOWER OF GOLD—Almost the color of "William Allen Richardson," not quite so much orange-yellow; very fine. 25 cents; two-year plants, 50 cents.

TAUSENDSCHOEN, or THOUSAND BEAUTIES—A climbing Rose that comes to us from Germany. The flowers upon first opening are the most delicate shade of pink ever seen in a Rose, might be described as white delicately flushed pink changing to rosy-carmine. It gets its name from its many flowers and the variation in coloring; beautiful; will become as famous as Crimson Rambler or Dorothy Perkins. We wrote the above a year ago, and now we can add that this Rose is sweeping the country like a prairie fire. You can word paint all you want to and then you will have left something unsaid. Simply a wonder. 20 cents; two-year plants, 50 cents.

VEILCHENBLAU (The Wonderful New Blue Rose)—This is a Rambler, and will thrive anywhere, being perfectly hardy. It has created a great stir in the Rose world, for the talk of a Blue Rose has been going on since time immemorial. It first opens a pink color, quickly changing to a decided violet-blue. When the plant is in full bloom it presents a startling effect. 15 cents each; two for 25 cents; two-year plants, 40 cents.

The New French Hydrangeas

Let us tell our friends that these new French Hydrangeas are the most meritorious plants brought out in years. They have enormous trusses of bloom that completely hide the plant. They are half hardy and may be planted in the latitude of Philadelphia and in the Gulf and Pacific states. They are also fine as house plants, blooming in the spring time about Easter. When kept at a temperature of seventy degrees out of doors they bloom about June.

New French Hydrangea Avalanche.

MME. RENEE GAILLARD—Very large panicles of milky-white, irregularly dentated flowers, which is certain to become popular; it is entirely distinct. One of the best growers of Hydrangeas says that this variety should really have been awarded the silver medal given to Mme. Emile Mouillere last year as the best white.

MME. MAURICE HAMAR—A delicate flesh-rose color; a vigorous grower, the individual flowers as well as the trusses being very large; one of the easiest to force. Early.

MME. E. MOUILLERE—This has been the favorite white variety in the New York market this year, very free flowering, of good size and form. Awarded silver medal at the National Flower Show at Boston last year. A great favorite with English growers, one London grower known to us handling over thirty thousand of this variety alone.

ORNAMENT—Large, pretty, mauve-pink flowers; very free-flowering.

SOUVENIR DE MME. CHAUTARD—One of the very best, of splendid erect habit; very robust. Fine sized heads of bright rose-colored flowers. One of the very best of the Bouquet type.

MOUSSELINE, the Famous Blue-Flowered Hydrangea—With us a beautiful plumbago-blue. The introducer describes it as a beautiful mauve-rose with cream-colored center; the flower heads are large and held erect; a decided acquisition. If you desire a beautiful deep blue Hydrangea flower, get this one. Young plants, 25 cents; strong plants, 50 cents.

E. G. HILL—This is the newest one and the very best, and is by far the best pink that we have yet tried; trusses of immense size. Color a most pleasing shade of baby pink that does not fade. Growth vigorous, foliage large and attractive. It is one of the easiest to force into bloom during the spring, coming into flower early. Young plants, 25 cents; strong plants, 50 cents.

THE KING OF ALL SHRUBS THE NEW Hydrangea Arborescens Grandiflora Alba *“Hills of Snow”*

The Most Valuable Hardy Shrub Ever Introduced. Plant in the Fall.

This is the great new hardy shrub that has come to gladden our yards and gardens. We place it first and foremost of all shrubs. It makes a perfectly round, symmetrical bush that is covered from June to August with handsome large pure white flowers. Be sure and plant this new hardy shrub; it will please you greatly.

Price, young plants, 15 cents each; two for 25 cents. Strong two-year-old plants, 40 cents each; three for \$1.00.
Large specimen plants to bloom at once, 75 cents each.

ALL THE FOLLOWING New Hydrangeas

Young Plants, 20 cents

Strong Plants, 40 cents

AVALANCHE—A splendid large white, which has made a reputation for itself during the past two seasons. An easy variety to force.

BOUQUET ROSE—Large trusses of well-formed flowers, rosy-amber turning to bright pink; has proven a special favorite in the New York market this season.

FRAICHEUR—Very large, regularly shaped flowers, white, delicately suffused with rose. Very free flowering.

GENERAL DE VIBRAY—A favorite wherever seen. Very large heads of bright rose-colored flowers. A splendid early forcing variety.

LA LORRAINE—Very large flowers, pale rose, turning to bright pink; has become a general favorite during the past two years.

MONT ROSE—Immense panicles of clear flesh-rose, entirely distinct. One of the very best early flowering varieties.

Flowering Begonias

These Begonias are fine for house culture, as all will flower during the dark days of winter. Price, except where noted, 10 cents each; six for 50 cents.

ALBA PICTA—Long, pointed, slender leaves, thickly spotted silvery-white; foliage small, elegant; lovely pink flowers.

ARGENTEA GUTTATA—Lovely green foliage, with spots of silvery-white.

CORALLINE LUCERNE, The Wonderful New Flowering Begonia—This new Begonia has simply taken everybody who has seen it by storm. There was not a single lady or florist who visited our greenhouses the past spring that did not purchase this Begonia after they had seen it in flower. It certainly is a wonder. The blooms last from a month to six weeks, and are borne in immense clusters, almost hiding the plant. The color is bright coral-red, changing to a delicate pink. It is past the power of speech to describe it. A wonder. Fine plants, 25 cents.

FOLIOSA—A beautiful fine foliage variety; pink flowers.

FUCHSOIDES COCCINNEA—This beautiful plant makes handsome specimens, with its graceful branches and pendulous flowers of bright rosy-pink. Very floriferous.

GRACILIS LUMINOSA—Bright scarlet, so bright as to be luminous.

MARGUERITE—Bronzy-green foliage, light rose-colored flowers; elegant.

PICTA ROSEA—Bright, silvery-pink flowers. Extra fine.

PRESIDENT CARNOT—Upper side of foliage deep green, under side blushed; flowers beautiful coral-red.

RUBRA—Has strong, slender branches, gracefully drooping under heavy waxen leaves and pendent panicles of coral-colored flowers as large as a hand. Medium-sized plants are frequently seen with more than twenty such panicles at a time.

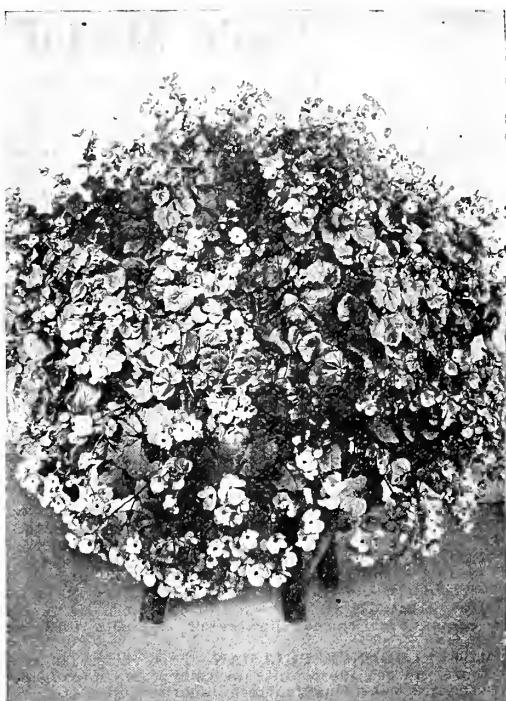

ROBUSTA—Bright rose and pure white. Coral-red buds. This is a very desirable variety.

SANDERONII (The Coral Begonia)—One of the best flowering Begonias. Flowers are of a scarlet shade of crimson, borne in profusion for months at a time. Resembles coral.

THURSTONII—Metallic-green leaves, with shell-pink flowers.

VERNON—A bedding Begonia, deep rose flowers.

SPECIAL OFFER—The Fourteen Choice Flowering Begonias for \$1.35.

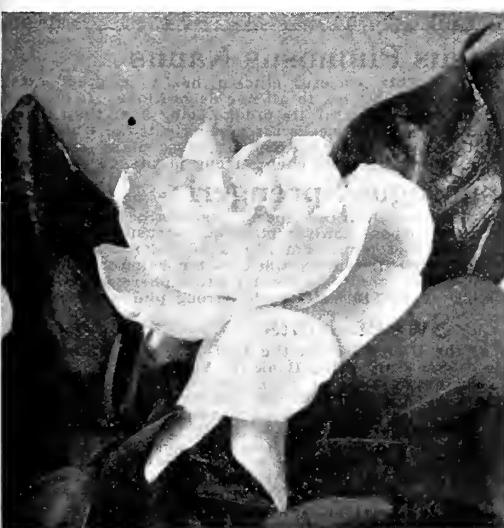

Begonia Gracilis Luminosa.

Chinese Primroses

These are grand winter-blooming plants. We have three colors, White, Pink and Red. 10 cents each.

Cyclamen Persicum Giganteum OR PERSIAN VIOLET

This is a decided improvement over the old variety being of a more robust habit and stronger grower. Produces flowers on short, stout stems and of immense size, often measuring, on well-grown bulbs, two inches in diameter. The foliage is also beautiful, and it is a charming winter bloomer. 10 cents each.

Camellia Japonica.

Baby Primrose "Malacoides"

NEW EVERBLOOMING.

This is the freest-blooming plant we know of, blooming continuously during the entire season. Plants in very small pots have from fifteen to twenty sprays of beautiful light pink flowers on stems ten to twelve inches high at one time. 10 cents each.

Primula Obconica

ALWAYS IN BLOOM

This is a charming plant for winter—in fact, we know of none that is better adapted to house culture than this one. It is not susceptible to changes of temperature that most plants are subject to. It bears its elegant panicles and sprays of bloom of a delicate pink and white in the greatest profusion. It is certainly elegant. 10 cents each.

Camellia Japonica

THIS IS THE FAMOUS SOUTHERN "JAPONICA"

Leaves glossy-green, flowers of exquisite beauty and waxy texture. From pure white to crimson, in almost endless variegation, the pure white ones generally related to that of the Azalea, but their success is more certain. Requires shade and moisture throughout the hot season. Time of blooming is in winter and early spring. Requires moderate and uniform temperature, with as little artificial heat as possible. When set with flower buds great care must be taken in watering—when left too dry the buds are sure to drop. We have a fine assortment of all colors, white, red, rose, pink and variegated. Plants two to two and one-half feet high, 75 cents each; any four for \$2.85; the set of twelve distinct kinds for \$8.50. All our Camellias are double-flowered.

Capitol Plant Food

The essence of plant life; fine for living plants; odorless. If you want to see your plants hum, try this Capitol Plant Food. We recommend it especially for plants grown in the house. So you test this food at small cost to you. We offer a trial size, mailed with directions how to use it, for 30 cents, postpaid. Will feed fifty plants one time and show you how it works. Larger package, making 160 pints, only 50 cents, postpaid.

"Gold Medal" Chrysanthemums

Price, 10 cents each; any three, your selection, for 25 cents; any fifteen for \$1.00.

Every Chrysanthemum in this list has won a gold medal—indeed, some of them have won several. You can order from this list with the assurance that any one of them will be a beauty. The price we offer them at is very low, as you will see by comparing them with any other flower catalogue published.

AUSTRALIAN GOLD—Deep golden-yellow of the richest hue; of immense size; the petals are feathery, incurved and whorled.

BENJAMIN GIRAUD—Rich crimson-maroon; quite unequaled for brilliancy and velvetiness.

BLACK HAWK—An extra fine deep crimson variety of the largest size; none finer of its color.

ESTELLE—One of the best white varieties for exhibition or commercial purposes; extra.

FRANK THOMPSON—Beautiful white, deeply flushed pink. This grand variety has won many medals and prizes.

GOLDEN WEDDING—Flowers of mammoth size, deep golden-yellow; nothing finer among the yellows; shines like burnished gold; the standard for measuring color.

HELEN BLOODGOOD—A splendid pink variety; high and bright in color; globular form; full; extra good in every point.

INTENSITY—An extra fine crimson variety; flowers are very large and exceedingly double; extra desirable in every way.

IVORY—A favorite early white variety, always seen at the exhibitions; one of the finest of the entire "Mum" family.

MAJOR BONAFFON—One of the very best deep golden-yellow Chrysanthemums; beautiful flower both in form and color; incurved.

MAUD DEAN—An immense pink variety; finely incurved petals broadly shell-shaped; one of the largest flowers exhibited in the fall shows; almost a pure self-pink.

MRS. JEROME JONES—One of the finest white Chrysanthemums ever raised; flowers of exquisite form and finish; grand.

MISS FLORENCE PULLMAN—This variety is of mammoth size, purest snow-white in color; very broad, heavy, deep flower, measuring fourteen inches in diameter.

MISS MINNIE BAILEY—One of the grandest of all pink Chrysanthemums; in finish it is exquisite, showing not the slightest trace of coarseness.

MODESTO—Still the best commercial yellow; has no faults.

MONROVIA—Brilliant straw color; incurved, carrying its flowers on long, stiff stems; very large, if not the largest in this line of color; a large, grand flower.

MRS. HENRY ROBINSON—This is another early white commercial Chrysanthemum of great merit; large, double, snow-white, beautiful.

MRS. PERRIN—Still the brightest of all the pinks; beautifully formed.

MRS. W. B. CHAMBERLAIN—The blooms are eight to ten inches in diameter; the color is a delicate lavender-pink; petals incurved.

PRESIDENT WM. R. SMITH—Beautiful pink, tinted delicate lemon; has always been a great favorite.

ROBERT HALLIDAY—A perfect flower of deep golden-yellow; has a fine color and decorative form; extra fine.

"Mum" Black Hawk.

VIVAND MOREL—This grand variety has literally leaped into popularity; flowers so large as to startle you; the color shades from a few rows of lavender-pearl to the richest pink.

WM. DUCKHAM—An immense Japanese, colossal in size and graceful in form; color tender pink.

WM. H. CHADWICK—A grand double white of fine size and great substance; very rounded in form, incurving and full; by far the best of its style, and a prize winner wherever shown.

Asparagus plumosus
—Asparagus Fern

Asparagus Plumosus Nanus

(The Climbing Lace Fern.) This graceful climber has to a great extent taken the place of the once popular Smilax in all fine decorations. It possesses the advantage of being much more graceful, its foliage being finer than that of the most delicate Fern, and will last for weeks after being cut, the whole plant being of a bright, cheerful green. It is an excellent house plant, succeeding under almost any condition. Price, 10 cents each; strong plants, 25 cents each.

Asparagus Sprengeri

(The Emerald Feather.) A most desirable species, especially useful to grow as a pot plant for decorative purposes or for planting in suspended baskets. The fronds are frequently four feet long, of a rich shade of green, and most useful for cutting, retaining their freshness weeks after being cut. It will make an excellent house plant, as it withstands dry atmosphere and will succeed in almost any situation. Price, 10 cents each; strong plants, 25 cents.

Sweet Peas

Plant Sweet Peas South of the Ohio River in the Fall—Try Fall Planting and Be Surprised—See Our Spring Book for Varieties.

Everyone who has a yard ought to grow quantities of this sweetest of all flowers, that is not only a beautiful low-growing vine for garden and decoration, but one of the most useful of all in furnishing material for vases, bouquets and all cut-flower work. Plant quantities of these lovely flowers and cut them with a lavish hand, for every flower you pick, two will come to fill its place. For the largest and finest blossoms, dig a trench six inches deep, put in two inches of rotten manure, a little earth, and sow the seed over this three inches apart in the row, covering an inch and a half. Do this during the month of November, or just before freezing weather, and as the plants grow, fill up the trench around them with rich earth. Such planting will produce enormous quantities of flowers of the largest size. Best mixture of Sweet Peas, 5 cents per packet; 10 cents per ounce.

Hibiscus Sinensis Giganteus

Mexican Fire Plant POINSETTIA PULCHERRIMA

Native of Mexico. A common plant of the tropics, and well known in Northern hothouses for the great scarlet bracts surrounding its flowers, produced in winter, and often remaining bright for months at a time. Does well anywhere in Florida, outdoors, and anywhere in the North as a house plant, growing to large size. It is a splendid object from Thanksgiving to March 1. If cut by frost it sprouts up readily. Price, 20 cents each.

Peperomia Muscosa or Silver-Leaved Begonia

This is also known as the Watermelon Begonia. Here is a most beautiful plant for pot culture, easy to grow, and thrives anywhere; leaves deep olive-green, distinctly marked with silvery-white. Thick and waxy-like; leaves distinctly variegated white and green, and have the appearance of being powdered with frosted silver. Price, 10 cents.

Oleanders

These old-fashioned shrubs are becoming immensely popular again. We are growing and selling them by thousands. No plant makes more handsome specimens in tubs for the veranda or yard. Can be wintered in the cellar. We have four colors to offer.

LUTEA—Has double primrose-yellow flowers of a lovely shade, also fragrant. Scarce. 15 cents each.

ROSEA—Has double pink flowers. The old favorite. Very sweet. 15 cents each.

LILIAN HENDERSON—Has double white flowers of largest size. Fragrance like the old double pink. Scarce. 15c each.

VARIEGATA—Has variegated foliage; green, broadly edged with creamy yellow. Double pink flower. 15 cents each.

THE FOUR DIFFERENT COLORS FOR 50 CENTS.

Sweet German Myrtle THE JEW OR BRIDE'S MYRTLE

This is a handsome, upright, evergreen plant, suitable for pot culture in the house; has small, glossy, green leaves that are very fragrant. This is scarce and rare. Fine plants, 15 cts.

Euphorbia Splendens

CROWN OF THORNS

A curious plant with thick, fleshy stems which are covered with stout, sharp thorns, many an inch long. The foliage is bright green and the flowers are a beautiful coral-pink. Very pretty when in bloom and a great curiosity at any time. Soon makes handsome plants. Legend says this is the plant the Savior was crowned with. Price, 15 cents each; two for 25 cents.

Chinese Hibiscus

Price, 10 cents each; any three for 25 cents. We have large plants of Hibiscus, ready to bloom, for 25 cents each. These are handsome plants.

SINENSIS GIGANTEUS—This is a plant for house cultivation during winter or summer, or for planting outside during summer. It blooms at all times of the year. The plants branch freely and flower profusely, commencing to bloom when not more than a foot high. As a specimen plant for large pots it has an equal only in the Brugmansia. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such vivid crimson-scarlet color that they can be seen from a long distance like a flaming torch. They can be wintered in the cellar or pit with perfect safety, and if one does not care to grow them all winter, one should have one or two for summer display.

GRANDIFLORUS—Rich, glossy, cut-leaved foliage, literally covering the plant with scarlet-crimson flowers.

SUBVOLACEOUS—Flowers of enormous size, beautiful carmine, tinted with violet. Probably the largest flower of the Hibiscus family, and an unusually free bloomer. We take pleasure in recommending this fine plant.

DOUBLE CRIMSON—This grand variety has immense flowers of the richest crimson; combined with glossy foliage, renders it best of all.

AURANTIACUS—Large and double, with orange-colored flowers.

CARMINIUS PERFECTUS—Full, round flowers of perfect shape and of a rich, soft, carmine-rose, with a deep crimson eye; fully six inches in diameter.

COLLERII—Flowers buff-yellow, with a crimson-scarlet base; peculiarly handsome and double.

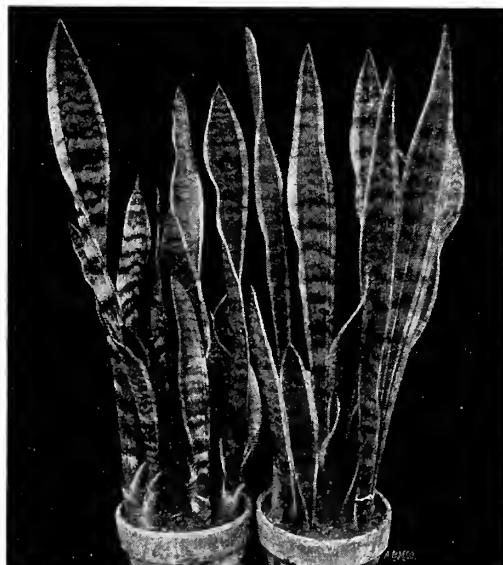

VERSICOLOR—A variety combining in its flowers all the colors of the whole family, being handsomely striped crimson, buff, rose and white. Flowers eight inches in diameter.

SPECIAL OFFER—We will send the entire set of eight distinct kinds of Hibiscus for 65 cents.

New Pink Hibiscus, Peachblow

A Sport from the Double Red Hibiscus Rosea Sinensis.

The flowers are double and from four to five inches in diameter, of a charming, rich, clear pink color, with small, deep crimson center. It is one of the freest-flowering plant novelties recently offered. The color is an entirely new and beautiful shade, and it blooms abundantly and continuously during the summer and fall months. Large plants two and three years old make a magnificent show. It will give general satisfaction to those who grow it, either in pots or planted out in the garden. It blooms well in the winter in the greenhouse or in any sunny window. Price, 15 cents each; strong, fine plants, 30 cents each.

Sansevieria Zeylanica

Geraniums—Double Flowering

Geraniums are fine for winter blooming indoors. We offer six of the best for this purpose. 10 cents each; the set of six for 50 cents.

JEAN VIAUD—Pink. **BEAUTE POITEVINE**—Salmon.
S. A. NUTT—Crimson. **MARQUIS CASTELLANE**—Cerise.
ALPHONSE RICARD—Scarlet. **LA FAVORITE**—Snow-white.

Ivy-Leaved Geraniums

Fine for winter blooming. Three kinds, 10 cents each: White, Pink and Red-flowered.

Otaheite Orange

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep green foliage, which has a decided odor of the Orange tree of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary Orange, retaining in a marked degree its sweetness. This unique Orange cannot be equaled as a winter-blooming pot plant for house culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. With a couple of plants of it you can have an abundance of the far-famed and delicate Orange blossoms. We have grown a large stock of clean, vigorous plants that will bloom and fruit at once. Good plants, 10 cents each; large, strong plants to bloom and bear profusely at once, 40 cents, 50 cents and \$1.00 each, according to size.

Sansevieria Zeylanica

ZEBRA PLANT

A beautiful plant specially adapted for the decoration of drawing rooms and halls as it stands dust and drought with impunity and requires scarcely any water. The leaves are beautifully striped crosswise, with broad white variegations on a green ground. It is a rare and beautiful plant, which should be abundantly grown for positions out of reach of sunshine, where other plants will not thrive. It can be placed in any position in any room and do well. It has a singular beauty for decorative purposes which other plants do not possess, and it is useful both in winter and summer. For vases and baskets it is a fine centerpiece, and grows splendidly out of doors during summer. Fine plants, 15 cents each; two for 25 cents.

Thompson's Rose Nicotine

Always Spray the Under Side of Leaf Where
Insects Live.

THOMPSON'S ROSE NICOTINE is put up in 60-cent (makes one and one-half gallons spray) and 85-cent (makes six gallons) cans, and the **FUMIGATOR** is put up in 25-cent packages. The Fumigator can be used to fumigate plants to kill insects. Can only be sent by express at above prices; we prepay expresage.

Geranium

The Wonderful New Lemon, Ponderosa

Nothing that has ever been brought to our notice in the plant line has caused half the commotion that this wonderful Lemon has. It is a true ever-bearing variety. On a plant six feet high no less than eighty-nine of the Ponderosa Lemons were growing at one time. It was a beautiful sight to see. The tree was blooming, and at the same time had fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it to be a true ever-bearer. Fruit has been taken from this tree weighing over four pounds. The Lemons have very thin rind for such large fruit. It is the juiciest of all Lemons, makes delicious lemonade, and for culinary purposes cannot be excelled. It is not uncommon to make twelve lemon pies from one Lemon. We have the entire stock of this ponderous Lemon and guarantee the trees to produce the same large fruit. No budding or grafting necessary. Ponderosa Lemon is sure to become popular when it is known. It fruits when quite small, and makes a lovely house plant. Everybody can grow his own Lemons; it will fruit freely each year. Thrifty young plants, 15 cents each; two for 25 cents. Large plants, ready for blooming, 75 cents each.

Ponderosa Lemon

Brugmansia, or Angel's Trumpet

Here is a plant for the masses. It grows easily, blooms freely, and the flower is something to be proud of. Brugmansia blooms indoors in winter and in the garden in summer. The plant has large, tropical leaves, with blooms eight inches long by six inches wide at the mouth, resembling a trumpet, hence the name "Angel's Trumpet." Pure white in color and as fragrant as a Jasmine. Blooming plants, 25 cents each.

New Giant Coleus, Christmas Gem

(**Brilliancy, or Dr. Ross.**) Leaves immense, eight to twelve inches long, looks like a Rex Begonia and just as beautiful. Cannot be excelled as a pot plant. The name aptly describes the appearance of this variety, which belongs to the giant-leaved section; of strong, vigorous habit, growing from two to three feet high, with leaves often nine to ten inches long, which are of bright carmine, shading off to a deep maroon, the margin being yellow and green, the whole leaf having a rich velvety luster. Price, 25 cents each; three for 60 cents.

Aristolochia—Dutchman's Pipe

CHINESE MATRIMONY VINE—Pale purple flowers followed by scarlet berries. A rapid and desirable climber. Price, 10 cents.

Hardy Climbers

CLEMATIS PANICULATA—Covered in August and September with a sheet of clustered snow-white bloom of most delicious fragrance. An arbor or portico over which this Clematis is trained is a wall of white for the time being, and it blooms when nearly all other vines have ceased blooming. Perfectly hardy; grows rapidly. Fine vines, 15 cents; two for 25 cents. Strong two-year field plants to bloom this year, 25 cents each.

AMPELOPSIS VEITCHII (The Boston Ivy)—Clings firmly to any wall, building or tree. Green leaves in summer, changing to red in the fall. Price, 10 cents each; two-year plants, 25 cents; three-year plants, 40 cents.

THE WONDERFUL JAPANESE KUDZU VINE—JACK AND THE BEAN STALK VINE—This is the most rapid-growing vine that anyone knows of. By measurement it has been known to grow twenty feet in a week. The foliage is large and tropical. It is entirely hardy. Everyone has trouble in getting nursery grown plants of this to grow. We have prepared and offer pot-grown plants, the kind that have the crown to the plant and the ball of earth to the roots, and you try to stop them growing and see if you don't run into a snag. This is proving a great forage plant in the South. All kinds of stock prefer it to hay or other coarse feed. Try it. Price, 20 cents each; two for 35 cents.

CINNAMON VINE—Bears white flowers with fine cinnamon fragrance. Price, 5 cents each; six for 25 cents.
